VOL. XLIIII. CORSICANA, TEXAS, TUESDAY, APRIL 2, 1929 NO. 31.

ADAMS CASE SENT CORSICANA

MANY ARE INJURED IN MISSOURI STORM

LEGISLATURE FACES HARD TASK IN NEW SESSION

THREE MISSING IN STORM CUTTING BIG SWATH LAST NIGHT

EASTER WEATHER CAUSES HEAVY DAMAGE IN MIDDLE WEST AREA

ST. LOUIS, April 1. (AP) —Twenty-two injured, three missing, and thirty to forty farm buildings wrecked or damaged was the known toll today of an Easter storm that cut a swath through southeast Missouri last night.

Searching parties, under direction of the popular Bluff Red Cross chapter, today attempted to make their way over highways strewn with trees and other debris to make a further survey.

Reports indicated the storm, accompanied by a terrific downpour of rain and hail, originated near Hoxie in Northern Arkansas and swept north as far as Bismark, Mo., a distance of about 70 miles.

The worst damage was in the Green Forest church community, three miles northwest of here, where many buildings were unroofed or wrecked and eleven persons were injured. An inch of hail was left on the ground.

The Missouri Pacific 'Sunshine Special" which left St. Louis at 6:45 p. m., struck a tree blown across the track north of Poplar Bluff. The train was not derailed, but windows in several coaches were broken and passengers were shaken up.

Storm Warning Issued.

WASHINGTON, April 1. —(AP)— The weather bureau today issued the following storm warning:

"Advisory southeast storm warnings ordered 11 a. m., Nantucket to Eastport and Southwest storm warnings Nantucket to Hatteras, storm centering over Southern Lake Huron will cause fresh to strong southeast winds on the New England coast, shirting to strong southwest winds Nantucket to Hatteras, shifting to strong Westerly winds and gales tonight."

Heavy Damage From Freak April Weather

CHICAGO, April 1. —(AP)— Old man weather was in a stormy mood during the week-end and left the Middle West contemplating the seriousness of some of his April fool pranks today.

Chief among those who felt the wrath of this ironic jokester were the telegraph, telephone and power companies whose wires were "water bound" with rain, ice, snow and sleet in many sections.

Telegraph wires throughout Wisconsin, upper Michigan, Minnesota and parts of Illinois, Iowa, and Nebraska were at least partly paralyzed, wreaking havoc with commercial business and press association news services. Some points were cut off entirely from telegraphic communication while other points were receiving only partial service.

Hundreds of poles broke with the weight of heavily burdened wires coated with sleet.

The heavy rains which in some sections turned to snow and sleet as the temperature fell, also disrupted transportation in several areas.

Oliver Aldrich Named District Attorney 77th

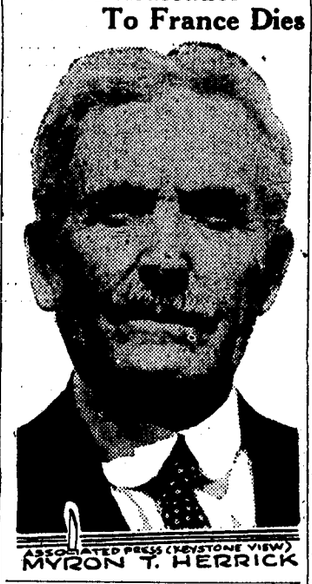

AUSTIN, April 1.—(AP)—Oliver C. Aldrich of San Juan, was appointed district attorney of the 79th district by Governor Moody today. He fills the vacancy caused by the death of Samuel H. Woods of Alice.

The district is composed of the counties of Jim Wells, Brooks, Starr, Hidalgo and Duval. Aldrich will soon move to Edinburg to make his home, Governor Moody said.

Aldrich is a veteran of the world war and is not affiliated with either of the political factions in Hidalgo county, the governor said.

"I turned down both crowds on men they recommended and picked one who was not a partisan in the campaigns down there," he said.

U. S. Ambassador To France Dies

ASSOCIATED PRESS (KEYSTONE VIEW)
MYRON T. HERRICK

MYRON T. HERRICK U. S. AMBASSADOR TO FRANCE IS DEAD

FRANCE JOINS WITH AMERICA IN MOURNING DEATH OF BELOVED DIPLOMAT

PARIS, April 1—(AP)—France will render military honors to the late Myron T. Herrick, American ambassador on Thursday and then will send the body of the beloved American back to his homeland aboard the newest and fastest French cruiser, the Tourville.

PARIS, April 1.—(AP)—France today mourned the death of another of the men who helped it through the dark days of the war.

United States Ambassador Myron T. Herrick was another nation's son, but this country felt the loss as though he were her own.

It remembered how, when in 1914 German armies knocked at the gates of Paris and the government fled to Bordeaux, he himself refused to leave his post, though warned he might be killed.

Death came to Ambassador Herrick yesterday at 4.10 p. m., after a sudden heart attack that left him within an hour lifeless, but with a smile on his lips. He was 75 years old.

Shortly afterward Premier Raymond Poincare told Colonel T. Bentley Mott, assistant military attache:

"Anything that the French government can do shall be done. Ambassador Herrick's family may ask anything they please and it shall be done."

One Best Friends Gone.

French newspapers appeared today with flaring headlines, "France has lost one of her greatest friends." Columns were devoted to eulogies.

President Gaston Doumergue immediately after he was informed of the ambassador's death entrusted an expression of condolence on behalf of the nation to Admiral Vedel, General Lasson, and Jules Michel, head of his civil cabinet, who called at the embassy to deliver it.

There was an impression at the embassy today that the ambassador's son would take the first ship

REBEL VICTORY IS CLAIMED BY ESCOBAR AT ESCALON SUNDAY

REBEL LEADER STATES HE WILL PURSUE "DEMORALIZED GOV'T TROOPS"

(By The Associated Press.)

Rebel headquarters today claimed an important victory near Escalon in Cenral Mexico against the federal advance guard.

No news of any big battle had been received from Mexico City however, and the regular dispatches conflicted with the insurgent claims.

General Escobar, insurgent commander in chief reported 400 federals were killed and 1,500 wounded in a battle which began at noon Sunday.

General Eulogio Ortiz, commander of the federal forces was said to have been killed.

Fifteen rebel planes were said to have participated in the battle. Latest dispatches from the federal army on the other hand reported seeing federal forces north of Escalon Saturday night and Sunday preparing to advance on Pimenez.

General Almazan, leader of one of the main federal columns, in fact was reported as far north as Dolores which is only a short distance south of Jimenez and is 30 miles north of Escalon.

He reported some fighting between Escalon and Jimenez but placed the losses at 50 rebels and nine federals killed. Gen. Ortiz was not mentioned in his dispatch.

Along the west coast the federal forces are advancing steadily on the rebels entrenched at La Cruz, north of Mazatlan with the possibility of cutting the rebels off from their base at Culiacan.

Naco, on the border, was twice bombed by rebel airplanes Sunday

JUDGE RESIGNS AS COMMITTEE STARTS PROBE OF OFFICE

NEW YORK, April 1.—(AP)—Federal Judge Francis A. Winslow, against whom articles of impeachment were recently read in congress, announced his resignation from the federal bench through his attorney today.

Congressman F. H. La Guardia, who read the articles of imbeachment against Judge Winslow, charged him in the house with "grave irregularities" in the administration of justice and demanded a congressional investigation.

A sub-committee was appointed to investigate and the preliminary inquiry was to have begun this afternoon. Before it could get under way, however, Martin Conboy, who had been retained to defend Judge Winslow, announced the jurist's resignation.

The "irregularities" with which Judge Winslow was charged had to do in large part with bankruptcy cases. Marcus Helfand, a personal friend of the judge, recently was charged by United States Attorney Charles Tuttle with offering rulings by Winslow in bankruptcy cases for sale.

HERE IT IS, ALL FOOLS DAY

Better watch your step and keep in mind all your tricks of younger days on this, the day of days for tricksters. We don't know whether Nancy Carroll expects to fall for the old hat over the brick stunt, but evidently she thinks someone will give her a laugh.

LIQUOR CHARGES AGAINST OHIO CONGRESSMAN HOLDING ATTENTION U. S. ATTORNEY

NEW YORK, April 1.—(AP)—United States Attorney Charles Tuttle today began an investigation of reports that Rep. William M. Morgan of Ohio brourgt four bottles of liquor into the country a week ago. Representative Morgan has repeatedly denied the truth of the reports.

As soon as he reached his office Mr. Tuttle communicated with H. C. Stuart, assistant collector of the port, and instructed him to send to the federal attorney's office all customs inspectors, agents and other persons having any knowledge of the facts concerning the arrival of Mr. Morgan on the liner Cristobal and the contents of his baggage.

Until he had questioned the customs men, Mr. Tuttle said he could not tell whether he would reqeust Mrs. Thomas Hall, widow of a Bismarck, N. D., congressman, to come before him. The reports about Representative Morgan included statements that Mrs. Hall, also a passenger on the Cristobal, had demanded free entry and when this was refused had been assured by Mr. Morgan that when he got back to Washington he would "attend to the matter."

NEW YORK, April 1. —(AP)— Charges of customs officials that Representative William M. Morgan of Ohio, republican, brought four bottles of liquor ashore from the steamer Christobal engaged the attention of United States Attorney Tuttle today. He said if sufficient evidence was obtained the case would be presented to the federal grand jury.

The first step of the investigation, Mr. Tuttle said, would be questioning of L. E. Crawford and James McCabe, customs inspectors, who asserted they found the liquor in Morgan's luggage. Other customs officials and representatives who returned with Mr. Morgan from the canal zone also would be questioned, Mr. Tuttle said.

The customs inspectors said they found four bottles labelled "whiskey" in Mr. Morgan's baggage last Monday; that he admitted it was whiskey; that he telephoned to the deputy surveyor of customs for free entry to the port, which was granted, and they then permitted him to take the four bottles from the ship.

Mr. Morgan, who has denied the charges, has been elected to congress five times on a dry platform. He voted for the Jones Act under which he would be prosecuted if indicted.

CONGGESSMAN SOUGHT FOR ALLEGED LIQUOR SMUGGLING GAVE UP EARLY MONDAY

CHICAGO, Aril 1.—(AP)—Congressman M. A. Michaelson of Chicago, indicted at Jacksonville, Fla., on charges of violating the national prohibition law, surrendered today to Henry C. W. Laubenheimer, United States marshal. Congressman Michaelson's appearance at the marshal's office in the federal building was surrounded with secrecy and he was ushered immediately into the office of Edwin K. Walker, U. S. Commissioner, to make bond.

Congressman Michaelson appeared voluntarily. Before the commissioner he waived a preliminary hearing, posted $2,000 for his appearance and announced he would go voluntarily to Florida to face the charges against him.

He denied emphatically the charge contained in the indictment, particularly that he had smuggled liquor into Florida from Cuba in a trunk marked "expedite" to hurry it through the customs office without examination.

He said he would be able to disprove the charges. As soon as bonds were made he left the federal building with two federal officers assigned to him to prevent reporters from questioning him or photographers from taking pictures.

CHICAGO, April 1.—(AP)—Three days after a warrant had been issued for his arrest, Congressman M. Alfred Michaelson of Chicago was still missing today. His whereabouts has been a mystery since Thursday when the public first learned of his indictment six months ago on charges of smuggling liquor into the United States.

Reports were current that Michaelson had communicated with federal authorities and was preparing to give himself up, but this could not be confirmed. Officials expressed confidence, however, the congressman would soon surrender and post the $2,000 bond set by a commissioner here Friday.

No determined effort has been made by the government to find Congressman Michaelson. A deputy marshal was sent to his home here but returned to the federal building when he found no one at home. Federal officials said the deputy was sent merely to let the congressman know the warrant had been issued and they had no intention of treating him like a "hoodlum."

Searching For Body of Young Rockefeller

MUSKOGEE, Okla., April 1.—(AP) —Search for the body of John D. Rockefeller, 17, drowned in the Arkansas river near here yesterday after an effort to aid a companion, continued today with National guardsmen dragging the stream.

Young Rockefeller was related distantly to the multi-millionaire for whom he was named. His grandfather, Frank M. Rockefeller of Mound Valley, Kas., was a first cousin of the oil magnate.

Young Rockefeller was a Muskogee high school athlete.

COMPLICATIONS ENTER INTO LIQUOR PURCHASE THAT WAS CAUSE OF KILLING OF WOMAN

AURORA, Ill., April 1.—(AP)—The man who made the "buy" in the Deking liquor raid case has been found. He is Philip Johnson, and he has told attorneys he did not purchase liquor from Mrs. Lillian Deking at all.

The shooting to death of Mrs. Deking a week ago by a deputy sheriff took place at the Deking home during a raid made under a search warrant. The warrant, in turn, was predicated on a "buy" of liquor which Eugene Boyd Fairchild, acting a a county investigator, declared he had made from a woman at the Deking home.

Fairchild told authorities the complaint on which the warrant was obtained was inaccurate in declaring he personally had made the purchase. He said Johnson, son of a gas station owner at Batavia, Ill., had been the actual buyer of the liquor, using money which Fairchild furnished.

Johnson, who volunteered his story to attorneys representing Joseph Deking, said he did not buy the liquor at the Deking home, or from a woman, as the Fairchild complaint declared. The "buy" was made, Johnson said, "from a man in front of Stafford's filling station," which is near the Deking home.

Carbary reinterated his belief that Deputy Sheriff Smith, who did the shooting, acted in self-defense, believing that Mrs. Deking intended to shoot him after he had slugged her husband, Joseph. The deputy was himself shot in the leg by Deking's young son, Gerald, and is recovering in a hospital.

LICENSE FEES AND GASOLINE TAX MUST BE DECIDED UPON

PROPOSED SLASH OF FIFTY PER CENT IN REGISTRATION TO BE FOUGHT

BY R. W. BARRY
(Associated Press Staff Writer.)

AUSTIN, April 1. (AP) —When the legislature meets the latter part of this month principally to enact the appropriation bills in order to support the government for the new biennium beginning September 1, it will find that much of its time will be occupied in an effort to finance the highway building program.

It will be obliged to fix the license fees owners of automobiles shall pay and levy an occupation tax on gasoline. The two propositions are certain to stir up a controversy.

A called session of the legislature can not be of more than 30 days' duration. At the expiration of that time it automatically terminates. In the event the session convening this month does not dispose of the registration fees and gasoline tax measures, the governor will be forced to call an extraordinary session.

License Fee Cut.

There is a divergence of opinion in the legislature over the size of the licenes fees as well as the gasoline tax. The fact that the house and senate were able to agree in the closing days of the regular session on the 50 per cent cut in the regulation fees, does not mean anything, in the opinion of observers. It is well known the bill perished because the house did not have a quorum and opponents of the bill refused to permit concurrence in minor amendments placed on the measure by the senate. Under the rules the house could not concur in the absence of a quorum without unanimous consent of those present. A band of highway boosters, holding out for a reduction of not more than 30 per cent, refused to let the bill pass.

The administration is opposed to the 50 per cent cut and every ef-

(Continued on page 6.)

PREACHER SLAYER FOUND GUILTY BY TYLER JURY SUNDAY

WILSON GETS THREE YEAR SENTENCE; FILES NOTICE OF APPEAL

TYLER. Ajril 1.—(AP)—Loys Wilson, young garageman, who contended unsuccessfully before a jury that his wife's asserted affair with the Rev. Founts Wallace justified him in killing the handsome, 26-year-old preacher, looked today to the higher courts to werthrow a three-year sentence asssed him on Easter Sunday by a jury here.

Within hearing of two religious services, through which hymns frequently were interspersed, Wilson yesterday received a vrdict of guilty in his trial for murdr.

Mrs. Wilson, a choir singer in the Troup minister's churc , testifying for her husband, had told a story of long and extreme intimacy with the pastor. Wilson himself declared he slew the Rev. Wallace after Mrs. Wilson had promised to "put the preacher out of her life" and later had, in his opinion, by her acts showed she had broken the pledge.

Prosecution witnesses submitted testimony seeking to controvert Mrs. Wilson's story of two of three specific "love trysts" she declared she had with the Rev. Wallace.

Wilson about a year ago walked up to Wallace, a former football player in Kentucky and a coach and civic leader in Troup. Drawing a pistol, he shouted "Brother, prepare to meet your God," and shot the clergyman down.

The jurors deliberated nearly 24 hours before handing in their decision—that Wilson was guilty of murder "without malice aforethought."

SAN ANTONIO SHOW MAN SHOT.

EAGLE PASS, April 1.—(AP)—Jack D. Fubach, manager of the Alamo Exposition Shows of San Antonio, was shot in the shoulder here last night. Joe Berry, San Antonio deputy constable visiting here, was charged with the shootng. Several shots were fired.

Heart Beats Double

This exclusive photo shows Dorothy Collins whom slain Harry Adams is said to have considered himself married according to the Buddhist faith. Dorothy wrote him that her heart beat double thinking of her "husband in Buddha." Her letters form part of the evidence which the defense says drove Mrs. Olive Adams to chloroform her husband, the Hartford Meteorologist.

JUDGE SAYS LESS CRIME IN NAVARRO COUNTY AT PRESENT

TOO MUCH LIQUOR IN COUNTY SCARBOROUGH TELLS NEW GRAND JURY

Hawkins Scarborough of the thirteenth judicial district court, empanelled a grand jury Monday morning to formally open the April term of court. In his charge to the investigators, the court stated that he did not anticipate that the grand jury would be in session much of the time as the previous grand jury had handled practically all matters which arose prior to its adjournment last week.

Judge Scarborough declared that the condition in Navarro county at the present time were excellent, in fact, there was as little crime in Navarro county as there had been since he had been on the bench, but that there were still violations of the laws and that it was the duty of the enforcement forces to keep that condition. He urged that the grand jurors inquire into all law violations with special attention to the liquor laws. "There still is too much liquor in Navarro county," the court stated, and "every good man should earnestly endeavor to enforce the liquor laws and other laws," he continued.

The attention of the investigators was called to the statutes on gambling houses, "bawdy houses," murder, rape, burglary, etc. The judge stated that there was some talk that alleged "bawdy houses" were handling liquor and he urged the investigators to make a complete investigation. Much complaining was referred to certain "road houses" in the county.

Charles G. Jester of Corsicana was appointed foreman of the grand jury; Estill Cunningham, secretary, and Pope Estes, assistant secretary.

Members of the April term grand jury are Charles G. Jester, Corsicana, foreman; Andrew Talley, Kerens; E. B. Walker, Rice; J. R. Slay, Jr., Frost; T. M. Sewell, Blooming Grove; J. B. Sawyer, Dawson; Pope Estes, Roane; R. E. Bounds, Richland; Estill Cunningham, Corsicana; H. R. Stroube, Corsicana; I. T. Kent, Corsicana, and Barney Woodard, Purdon.

M. D. L. Bunch was appointed door bailiff and C. V. McCord, Frost; George B. Jones, Dawson, and E. W. Warnell and J. M. Westbrook, both of Corsicana, riding bailiffs.

CHANGE OF VENUE GRANTED IN DALLAS BET SLAYING CASE

JUDGE SCARBOROUGH SAYS CASE CAN BE TRIED HERE DURING MONTH OF MAY

DALLAS, April 1. (AP) —The trial of V. Ray Adams, charged with the murder of Orville L. Matthews, Dallas bank employee here Sept. 1 over the payment of a $2,000 election bet, was transferred today to Corsicana, Texas. No date was set.

The state's attorneys agreed with Adam's attorney it was almost impossible for the defendant to receive a fair trial in Dallas county.

The motion for the transfer said that due to the "unprecedented flood of newspaper publicity about Adams' first trial it was unlikely there was a single person in Dallas county not intimately acquainted with the facts."

Hawkins Scarborough, district judge of the thirteenth judicial district court here, before whom the trial of V. Ray Adams of Bell county for murder in connection with the fatal shooting of Orville L. Mathews of Dallas, Sept. 1, will be held, had not been advised of the transferring of the trial here at 1 o'clock Monday afternoon, but stated that the case could be reached for trial during the month of May.

The April term of court was formally opened here Monday morning and the criminal portion of the docket will not be taken up until Monday, May 6. Judge Scarborough intimated that the case could be tried soon after the taking up of the criminal portion of the April term docket.

DEATH AMBASSADOR HERRICK HAS FORCED PROBLEM ON HOOVER

PARIS POST CONSIDERED ONE OF MOST IMPORTANT IN DIPLOMATIC SERVICE

WASHINGTON, April 1.—(AP)— The death of Ambassador Mryon T. Herrick at Paris has forced upon President Hooover and Secretary Stimsn a number of problems in the selection of a successor which they had hoped not to have to consider for some time.

The Paris post is regarded as one of the most important in the diplomatic service, and the new administration had considered it satisfactorily filled because of Mr. Herrick's known desire to stay there.

The nature of the tasks which the new ambassador will be called upon to perform has led to the suggestion that former Vice-president Charles G. Dawes, most prominently mentioned for the highly prized London post, may not be asked to go to Paris instead.

At the same time, consideration of Dawes in connection with the London assignment has led to the suggestion that Former Secretary Frank B. Kellogg might be asked to go to Paris.

Two other names appear on the diplomatic list which are almost certain to be considered by President Hoover. One is Ambassador Hugh Gibson at Brussels, Belgium, and the other is Ambassador Henry P. Fletcher at Rome.

Harry J. Leahy Gets Sixty-Day Stay Execution

AUSTIN, April 1.—(AP)—Harry J. Leahy of Mathis, sentenced to death in the electric chair on April 12 for the murder of Dr. J. A. Ramsey, also of Mathis, will be given a sixty-day stay of execution, Governor Moody announced today.

The board of pardons had asked for a stay of 30 days to investigate the record, and the Governor said he wanted to give himself 30 days to study the case since the first 30 days would be up while the special session of the legislature was in session.

RECORDS TUMBLED IN ANNUAL TEXAS RELAYS ON FRIDAY

BALDWIN NOSED OUT FOR CHAMPIONSHIP HONORS IN LAST EVENT

BY HAROLD BANKS
(Associated Press Sports Writer)

AUSTIN, Mar. 30. (AP)—The same band of cinder-path kings who yesterday staged an assault on Texas relay records by shattering 13 and equalling two marks, moved on Dallas today in quest of other titiles.

Upon Claude Bracey, the Southern express from Rice Institute, fell the spotlight through his performance at Austin, in bettering the intercollegiate record in the 100 yard dash and equaling Charley Paddock's world 9.5 second mark in the century. Whether the time would be recognized by the intercollegiate athletic association was undetermined today, but every judge at the finish line clocked the Dixie flier at the record-breaking pace.

Other Records Broken.

Nor was Bracey's record the only inroad on past feats of the cinder-path. Four Illinois University giants sped to a spectacular victory in the four mile university relay in 17 minutes, 40.2 seconds, bettering the time of an Illini quartet who in 1922 were timed at 17 minutes, 45 seconds.

Williams, Livingston, Letts and Gist, Chicago half milers, set another Texas record in the two-mile relay. The time was 7 minutes and 53.9 seconds.

In the javelin, Bevan, Kansas Teachers' College, hurled the spear 206 feet, 11 inches for a Texas record and setting the mark upset calculations that either Rinehart of Indiana or Bartlett of Albion College would take the event. Bartlett was considerably short of his intercollegiate record of 216 feet, 7 inches, made last year.

New High School Record.

One high school relay record went by the board, San Angelo finished the mile relay in 3 minutes, 29.6 seconds.

Capt. Leo Baldwin of Texas University, who led the field of iron men performers in the all-around championship until the final event found himself badly outmatched in the 880-yard run, and went to the tape last. His defeat in the half mile enabled Todd of Indiana to annex the title with 5238 1-4 points.

Paavo Nurmi, the Phantom Finn, shared the spotlight with the record breakers when he ran a special 2-mile race against a relay of Texas runners.

Thirteen meet records were shattered and two tied here this afternoon when 1,000 of the nation's picked track athletes from the Mid-West, South and Southwest battled under a summer sun in the fifth annual University of Texas relays.

Bracey's Spectacular Sprint.

The performance of Claude Bracey, Rice Institute sprinter and 1928 Olympic team member, was perhaps the most brilliant of the afternoon and it certainly was the most pleasing to the 7,000 Texans who gathered in Memorial Stadium. Bracey sprinted the 100 yard dash in 9.5 seconds in the finals after running the distance in 9.6 seconds in the preliminaries 45 minutes before, easily outclassing the field on both attempts.

Todd Wins Honors.

Robert Todd, superb University of Indiana athletc, defeated a strong field to win the first all around championship of the relays. In seven events his total points were 5238 1-4. Tom Churchill of Oklahoma was close behind with 5204 1-2. Failure to finish better than last in the final event, the 880 yard run, deprived Leo Baldwin, Texas star, of the title his total points being 5204 1-2. He had lead his nearest rival, Todd, by 108 points as the half mile race began.

The new meet records and the athletes who established them:

100 Yard Dash—Claude Bracey, Rice, 9.5 seconds, also betters intercollegiate mark and equals world's record.

Four Mile University Relay—Illinois (Orlovich, White, Stine, Abbott), 17 minutes, 40.2 seconds. Also betters intercollegiate mark.

Two Mile University Relay—Chicago (Williams, Livingston, Letts and Gist), 7 minutes, 53.9 seconds.

Shot Put—Behr, Wisconsin, 48 feet, 5 inches.

Discus—Baldwin, Texas, 144 feet, 10 1-2 inches.

University Quarter Mile Relay—Illinois (Timm, Burkhart, Cave, Peterson), 42 seconds.

Half Mile College Relay—Oklahoma Baptists (Buchanan, Fulton, Williamson, Ball), time, 1 minute, 28.6 seconds.

University Half Mile Relay—Illinois (Burkhart, Timm, Patterson, Cave), 1 minute, 27.5 seconds.

Javelin—Bevan, Emporia (Kansas) Teachers, 206 feet, 11 inches.

College Mile Relay—Oklahoma Baptists (Fulton, Hunt, Beall, Williamson). Time, 3 minutes, 22.5 seconds.

University Mile Relay—Chicago (Haydon, Root, Schultz, Gist). Time, 3 minutes, 18.3 seconds.

Pole Vault—Warne, Northwestern and Canby, Iowa, joint holders at 13 feet, 3 1-2 inches.

High School Mile Relay—San Angelo, Texas, 3 minutes, 29.6 seconds.

Record Tied—University high hurdles by Lamson, Nebraska, 14.8 seconds.

College Medley Relay—Pittsburgh (Kansas) Teachers (Cullison, Keithley, Snodgrass, Winchester) Time, 3 minutes, 35.2 seconds.

Mexia Seeking Amateur League

MEXIA, April 1.—(Spl).—Baseball fans of Mexia will meet Tuesday night to discuss formation of an amateur baseball team which will represent Mexia in the Mexia News Bi-Stone League, which is to have about eight clubs in a scheduled season this summer.

Later a meeting of representatives of the clubs will be held to discuss plans.

Roaming the Realm — Of — County Sports

By DELMORE OLSEN

Baseball practice has started in practically all county schools and it won't be long before these teams will swing into action against each other. A large number of schools indulge in the national pastime during the spring months and some good high school players are found among the teams. Two players on last year high school teams have entered professional baseball, Lowell Dobbs, Kerens, pitcher and infielder, spent last summer pastiming in the Lone Star loop, and Alsy Gaines, ace left hander of the Providence school team, has decided to take a fling at professional baseball in the West Texas league.

Bryan wanted to enter the Navarro county baseball league, it was learned Monday morning. This makes five teams ready to go, The Cotton Mill, Providence, Bazette, Zion's Rest and Bryan. Some interest in being shown in the proposed league by other communities in Navarro county.

Winners in the county meet are practicing daily in preparation for the district meet. A number of Navarro county entries in this meet are due to win the right to represent this district in the state meet at Austin. The State Home Lads sent several men to the state last year and have high hopes of winning the district again to enter the race for state honors. Bennie Griffith, premier field man for the Lads, was one of the state winners last year, placing in several field events. Ellsworth, Davenport, Williams, Mullins and Harvie are the best bets that the Lads have on the cinder track. In class B department, Forest Blount of Rice holds the county championship for the broad jump, leaping 20 feet and 6 inches in the county meet to better the class A distance by 8 inches.

Last week end was a great time for track and field enthusiasts, the Texas Relays were held in Austin, Friday and on Saturday, the same group of athletes from all over the United States gathered in Dallas to enter the S. M. U. Relays. Claude Bracey, sprint star for Rice Institute, lived up to his reputation as the Dixie Flyer by equalling the world's record for the 100 yard dash in Austin Friday afternoon by negotiating the century in 9.5 seconds and at the S. M. U. Relays, broke the world's record with 9.4 seconds for this event. His record breaking run at Dallas, however, will not be considered official as the sprinter was aided by a strong wind at his back. As an added attraction for these relays, Paavo Nurmi, the Phantom Finn and the best middle distance runner in the world today, ran a special two mile run against the best mile runners in the Southwest.

Major league baseball teams are entering upon the last week of spring training before going north for opening of the season. Texas, as usual, had its share of the big league clubs.

Fort Worth and Dallas indulged in a couple of baseball games for old time's sake during the week-end. Dallas winning the one played in the City of the Hour, Saturday afternoon 3-2, while Fort Worth evened the series in Cow Town, Sunday by handing the Bovines a 9-6 licking. Looks like the Texas league is going to have several good teams this year and the race is likely to be a close one all the way to the finish. Houston, winner last year, does not seem to be as strong as last year when they were crowned Dixie Champs, while Dallas, Fort Worth, Shreveport, Wichita Falls and Beaumont seem to have strengthened their teams materially. Waco and San Antonio are still uncertain qualities in the coming race for the Texas league bunting.

DALLAS Y TEAM WINNER DISTRICT VOLLEYBALL TITLE

VISITORS CAPTURED THREE OUT OF FIVE GAMES PLAYED ON LOCAL COURT

In a series of volleyball games, games, featured by terrific driving and fast recoveries, the Dallas Y. M. C. A. team won the Northwest Texas district title and the right to enter the state tourney by handing the local Y. M. C. A. team defeat in three out of five games, 7-15, 15-3, 4-15,15-10, 15-13, played on the local Y. M. C. A. court Friday night.

Corsicana furnished the Dallasites plenty of competition and their deadly volleying attack, built around Phillip Grimmett, had the visitors bewildered during the first stages of the series. Dallas was represented on the court by Plangman, Carter, Coward, Powell, McClure and Walraven. Corsicana team was composed of Oscar Bird, Harold Green, Hubert Braselton, Phillip Grimlett, Robert Cooksey, and Tom Eady, who substituted for Beauford Jester.

In the first game, Corsicana started out with deadly intent and carried the war to the enemy camp by out-driving the Dallas aggregation. Harold Green started the scoring for Corsicana by serving fast balls that were hard to handle and Grimmett had the time of his life in "spiking" the returns.

The Corsicana team showed a complete reversal of form in the second game and lost to the Dallasites 15-3. The third game was a repetition of the first one, with the serving of Harold Green puzzling the visitors and Grimmett placing his terrific volleys with precision, the Corsicana netters went into the lead again with two games to one.

The last two games were won by Dallas. The fourth game was a tame affair, with the Dallas drivers taking advantage of the temporary wildness of the local players and completely demoralizing them with well placed drives.

The last game of the series was the climax of the evening's play, Dallas started out like a whirlwind and had the game nearly won before the local team woke up. A desperate last minute rally tied the score at 12 all, and came close to winning the championship for the Corsicana Y. M. C. A. The last points were bitterly fought, marvelous recoveries marking the play of both teams, intent on winning. A steadier attack gave Dallas the fifth and deciding game, 15-13.

A few faithful fans attended the games and were royally entertained by witnessing five hotly contested games.

Outstanding players on the Dallas team would be hard to determine, the team as a whole played splendid volleyball with Coward, Rowell and Walraven showing up well at serving and spiking.

Phillip Grimmett was by far the best player Corsicana had on the court, using his height to decided advantage in playing net and serving. Harold Green played a good net and serving game. Hubert Braselton, Robert Cooksey, Oscar Bird and Tom Eady setting the ball up for Green and Grimmett.

CORSICANA HIGH GOLFERS WON MATCHES WITH MEXIA PLAYERS

Corsicana high school golfers swept their 18-hole best ball matches with the Mexia golfers played on the Country club course Saturday afternoon. In the foursome matches, R. C. Granberry and Gerald McClung defeated Charlie Measle and Gene Womack of Mexia, 7 up on the 18 holes. Billie Coulson and Ray Smith took the second foursome flight from John Cook and Lawson Sewell, Mexia school golfers, by defeating them 1 up on the 18 holes. In the twosome, Frank Caldwell defeated Blake Smith of Mexia 7 up on the 18.

The match between Billie Coulson and Ray Smith for Corsicana and John Cook and Lawson Sewell was by far the most interesting match of the day. After being beaten 3 up on the first nine, the Mexia school golfers began playing splendid golf to even the count on the 17th green, only to lose the match when Ray Smith sank a long put for a birdie 4 on the last green.

Arrangements are under way for a return match between these teams in Mexia in the near future.

MANY RECORDS TO FALL IF ATHLETES CONTINUE ASSAULT

BY J. H. ANDERSON,
Associated Press Sports Writer.

DALLAS, April 1.—(AP)—Collegiate track and field marks are due to be tumbled into the discard if the record breaking started at the Texas and Southern Methodists relays continues through the season.

The 1000 trackmen from the mid-west, south and southwest who shattered thirteen records and in doing so bettered two intercollegiate marks and one world's record at the fifth annual Texas games in Austin Friday moved over to Dallas Saturday for the first annual games here and made better marks in seven events than were made the day before. The outstanding record at Dallas, the 9.4 seconds sprint of Claude Bracey of Rice in the 100-yard dash, was indicative of the high calibre of this Texas star relay. Officials agreed even though he was aided by a wind. The day before at Austin he was clocked in 9.5 seconds, the generally accepted century rceord in the United States but one-tenth second faster than the official world's mark.

The presence, as referee of the Texas relays, of Knute Rockne, famous Notre Dame coach, may enable Bracey to have his 9.5 seconds mark accredited as an official intercollegiate record but Rockne would make no definite statement concerning that possibility. Rockne also was referee of the games in Dallas but stated emphatically that the wind back of Bracey precluded any recognition of his sensational time there.

Trackmen now are looking forward to the seventh annual University of Kansas relays in Lawrence, April 20.

LIONS CLUB WAS ORGANIZED HUBBARD WEDNESDAY AT NOON

HUBBARD, March 30.—Organization of a Lions Club in Hubbard was perfected Wednesday and officers were elected. Charter night has been announced as April 25, when the charter will be formally presented.

It was decided that the regular meeting dates will be Thursdays at noon.

Officers are B. L. Sanders, president; Joe Keitt, first vice president; Jack Keitt, second vice president; Sam Tobolowsky, third vice president; Carl Boyles, secretary-treasurer. Directors are Jim Mecklin, Livingston Barnes, Olin Keitt and Edgar McDaniel.

Various committees have been named to work out details with reference to a permanent meeting place, membership, finance, charter night program, program and constitution and by-laws.

CORSICANA FARM IS FEATURED IN COTTON MAGAZINE

In the April publication of the ACCO press, magazine sponsored by the Anderson-Clayton and company, cotton firm, for furtherance of agriculture, was a long story dealing with the farm of Albert Young, located south of Corsicana, giving details concerning the appearances of the farm, intensive farming methods used, etc.

Most of the information was furnished by Henry Gentry, Navarro county agent, to J. B. Wilkinson, associate editor, on his recent visit here. Three pictures, one of the house, one of an outhouse and one of terraces, were furnished the publication by the Corsicana chamber of commerce.

STATE ALLOTTMENT FOR RURAL SCHOOLS HAS BEEN RECEIVED

Andrew G. Steele, county superintendent, announced Friday morning the he had received the portion of the emergency rural high school appropriation recently made by the state legislature allotted to Navarro county, and that the funds had been divided among the school benefitted by the extra appropriation.

The purpose of the appropriation he stated, was to pay the tuition of children transferring from one school to another for high school purposes. Corsicana, Kerens, Dawson, Frost and Barry were the schools in Navarro county that received funds.

Hubbard Won Title Hill County Meet

HILLSBORO, April 1.—In the athletic events in the Hill county interscholastic league which was held here last week-end, the Hubbard high school took honors in the class A division with 68 points. Hillsboro was second with 50 points and Itasca third with 37.

In the class B department, Whitney won first place with 37po ints with Bynum second, and Abbott third.

Hamilton Cemetery Association Seeks Aid All Interested

An appeal for help from all concerned is hereby made. An attempt is being made to level Hamilton Cemetery, and it is expensive work with hoes and rakes, so Saturday, April 6th is appointed as a day for all to come and help—men, women and children. It is planned to use a lawn mower when the leveling has been accomplished and rocks, pieces of granite, concrete, and pebbles are over the surface, so that in order to use a lawnmower these must be removed. A prize will be given to the child under twelve who picks the most stones, etc., and all can help in it. All who can hoe or rake are requested to bring such implements and also to bring lunch and spend the day.

REPORTER.

ALLEN NAMED SENATOR.

TOPEKA, Kans., April 1.—(AP)—Henry J. Allen, former governor of Kansas, today was formally appointed by Gov. Clyde M. Reed as United States senator, succeeding Vice President Charles G. Curtis.

Houston Man Head Texas Cotton Body

HOUSTON, March 30.—(AP)—John K. Dorrance of Houston was elected president of the Texas Cotton association at the final session of the convention here today.

New directors elected were: A. F. Pugh, Dallas; G. Lampe, Fort Worth, and E. D. McCaa, Houston. Other directors hold over for another year.

R. B. Gregory and J. E. Fullerton of Streetman were Corsicana visitors Monday.

An Unpleasant Subject

All of the functions of the are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Lee Drug Company.

CEN-TEX

GASOLINE

Miss Edith Young, driving a new DeSoto Six Sedan again broke her record, traveling 3131 miles in 100-hour non-stop run, using CEN-TEX Gasoline.

"The CEN-TEX gasoline gave me over 20.9 miles to the gallon. I cannot praise the CEN-TEX gasoline too highly, for during the entire drive the endurance car was able to take all hills in high gear, no matter how steep, with ease. I can conscientiously recommend CEN-TEX gas to the motoring public." Signed: Miss Edith Young, 100-hour Non-Stop Driver.

EASTER SUNDAY WAS ENJOYED HERE WITH USUAL FESTIVITIES

DAY WAS BALMY, WITH HIGH WIND; CHURCHES CROWDED WITH WORSHIPPERS

A blustering wind with occasional cloudiness that carried a threat of rain was March's effort to spoil the annual brilliant Easter celebrations Sunday but all churches reported crowded houses for the special services, and many a fair frock was presented to view in spite of the mild threats.

Ushered in by the sunrise meeting of the City union of Christian Endeavorers at the city park, Easter Sunday was the occasion for a large number of special musical and homiletical effects in all the churches of the city. Practically every church reported packed auditoriums for the closing day of the city-wide revival period.

With practically all of the colleges and universities observing Easter holidays, a large number of the collegiate group were home for a visit and many Corsicana families enjoyed a spring family reunion. A large number of out-of-town visitors were noted during the day.

Early Sunday morning, groups of children in each neighborhood could be seen scampering about hedges, and flower beds in search of the "Easter eggs left during the night by the Easter rabbit." In many Sunday schools the children of the smaller classes were presented with Easter eggs as a memento of the occasion.

In the afternoon the blustering wind could not deter a large number from enjoying the balmy sunshine, and the roads in every direction out of the city were filled with cars of people. A large number took occasion to visit the municipal airport, and inspect the new hangar.

The wind died down late in the afternoon, but black thunderheads appeared and at the hour for the evening services in the majority of the churches a brisk dash of rain caused a few moments of disquietude.

The weather man, however, was unusually kind to this section of country and the gay throngs that filled the churches were arranged in all colors of the rainbow in their Easter finery. A fair sprinkling of straw hats made their appearance.

The annual Easter services of the Corsicana commandery of Knights Templar was held in the commandry hall Sunday afternoon with Thomas W. Bartley of Dallas, as the principal speaker.

COURT HOUSE HAPPENINGS

District Court.

The April term of the Thirteenth Judicial district court was opened Monday morning by Hawkins Scarborough, district judge, and a grand jury was empanelled. The January term was concluded Saturday afternoon.

This week is non-jury week in the district court.

District Clerk's Office.

The following cases were filed:

Emma Smith vs. Bill Smith, divorce.

Ex parte Cecil C. Crowley, to remove disabilities of minority.

During the month of March, there were 35 cases filed in the district clerk's office as follows:

To convey separate property, 1; divorce, 21; partition, 2; debt and support and maintenance of child, 1; suit on notes, 2; to dissolve partnership, 1; debt and foreclosure, 2; to remove disabilities of minority, 2; contest will, 1; to establish lein and partition, 1; trespass and try title, 1; debt, 1.

Civil matters were under consideration in the county court Monday.

Sheriff's Office.

During the month of March there were 116 lodged in the Navarro county jail.

A raid conducted Sunday night by Sheriff Rufus Pevehouse, Deputy Sheriff V. McMurray and Special Texas Ranger Boone Anderson, near Winkler netted 25 gallons of corn liquor and the filing of a complaint in Judge S. B. Jordan's court for the alleged violation of the prohibition laws against Leonard Armstrong. The accused man was still in the county jail Monday morning.

A raid conducted Saturday afternoon by Deputy Sheriffs J. M. Westbrook, V. McMurray and Alton Bradley at a downtown drug store caused the seizure of a quantity of alleged jake and the filing of a complaint in Judge Jordan's court against Ralph Moore for the alleged violation of the prohibition laws. Bond was made in the sum of $750 to await the action of the grand jury.

J. M. Westbrook, formerly deputy sheriff of Navarro county, has been added to the sheriff's force by Sheriff Rufus Pevehouse. He began his duties the latter part of last week.

Wararnty Deed .

J. W. Hooser to B. F. Irvine, 1 acre of the Jehu Peeples survey, just south of Corsicana, $750.

County Clerk's Office.

During the month of March, there were 49 marriage licenses issued in the county clerk's office.

Justice Court.

During the week-end, Judge S. B. Jordan fined two people, one for drunkenness and one for vagrancy.

County Births.

The following birth certificates were filed in the office of W. W. Clopton, justice of the peace, and registrar for this precinct, during the month of March:

Born to Mr. and Mrs.:

E. D. Welch, Corsicana M. R. A. March 24, a son.

Wiliam A. Graham, Eureka, March 13, a daughter.

F. L. McCloud, Angus 1, March 25, a son.

Pat McKibber, 711 West Eighth avenue, June 11, 1929 a daughter.

Robert L. Gentry, Navarro, March 1, a daughter.

D. C. Arnett, Navarro, March 1, a daughter.

J. T. Fitzgerald, Navarro, March 19, 1928, a son.

PRISONERS MAKE PROTEST AS SNOOK LEAVES HIS POST

ATLANTA, April 1.—(AP)—In the midst of protest by prisoners, who beat upon their cell doors, whistled and shouted, John W. Snook left his post as warden of the Atlanta federal penitentiary last night.

Snook had been popular with the prisoners, and as the time of his retirement arrived under his resignation, the men set up a noisy protest. Jailers threatened force before they were quieted.

On his last day in office, the warden made public a letter he had written Attorney General Mitchell, in which he defended his administration and expressed the hope the practice of "planting" department of justice agents in the prison be abolished.

The resignation of the warden was given several weeks ago at the request of the attorney general, following the placing of two justice agents in the penitentiary as convicts.

VARIOUS MATTERS ATTRACT ATTENTION OF FOREIGNERS DURING WEEK JUST CLOSED

By SAVINGTON CRAMPTON,
Cable Editor, Associated Press.

The body of Marshal Foch, commander-in-chief of the allied armies during the world war, was interred in Paris last week in a splendor barely equalled by the pomps of Royal Versailles.

Dignitaries of all the countries of the world attended the funeral services in Notre Dame Cathedral, troops from the armies of ten nations marched in the procession behind his body, a sepulchre beside those of Napoleon and the greatest French military leaders awaited him at the Invalides, and the world appeared deeply moved by the pageantry of grief.

China's generals took the field again last week, and what had been only an imbroglio developed into active warfare. President Chiang Kai-Shek at the head of Nanking government troops was victorious in the first struggle with the army of the so-called Kwangsi opposition leaders.

The Mexican government struck the insurgent cause a heavy blow by driving off the besiegers of Mazatlan, principal city of the west coast. This not only removed the menace of a rebel flank attack on Mexico City, but opened the way for a federal flank attack against the rebels themselves in Sonora.

The seventh successful crossing of the South Atlantic ocean, by two Spanish aviators, furnished new evidence of the development of heavier-than-air machines. Captains Jimenez and Iglesias flew from Seville, Spain, to Bahia, Brazil, where lack of gasoline forced them down.

Great Britain, Canada, France and the United States were entangled in a curious legal knot when a United States coast guard cutter sank the Canadian rum-running schooner "I'm Alone" in the Gulf of Mexico, resulting in the death of a French member of the crew.

Sir Esme Howard, British ambassador at Washington, made representations to the American government. The question of the freedom of the seas, in which Britain has a traditional interest, made an investigation important for England.

Italian elections brought out 89.63 per cent of the electorate in a great triumph for 400 candidates of the Fascist party for parliament. Voters were presented with the Fascist list and could vote only "yes" or "no." More than 8,500,000 voted "yes," against less than 137,000 "noes."

End of the dictatorship which has ruled Spain since September 1923 was forecast in a note to the press in which Premier Primo De Rivera described himself as too weary to continue his work for another five-year period.

LEVIATHAN MAIL WAS ROBBED AGAIN OF VALUABLE LOOT

LONDON, April 1.—(AP)—The steamship Leviathan's mail has suffered from thieves again.

When the mail for the ship from London arrived at Southampton Saturday, one of the registered mail bags was found to have been slit open and a small package taken.

It was reported, also, that several registered letters were taken. Some said the package taken was consigned from a London diamond merchant to a firm in Bogota, Colombia.

It was assumed the theft took place in London. Bonds, jewelry and money estimated in some advices at $100,000 to $500,000, but said by the government to be not more than $12,000, were stolen from the mail of the Leviathan while it was at sea between New York and Southampton and Cherbourg last June.

CORSICANA, TEX., APRIL 2, 1929

PAYING FARMS.

"The cow, the sow and the hen on every farm will make the American agriculturists independent, if they will undertake the business with a desire to make a success." This statement was made by Dr. L. D. LeGear, poultry and livestock expert in an address at the chamber of commerce Saturday. These few words tell the whole story. The cow, the sow and the hen on every farm in Navarro county would indeed make the farmer independent of the single crop hazard.

But Dr. LeGear qualified his statement with—"if they will undertake the business with the desire to make a success." That is the milk in the cocoanut. Regardless of how many cows, hens and sows you may put on the farm if you do not enter into the work with a desire for success the additions will prove a loss. The cow, the sow, and the hen is a business proposition just as much as the operation of any other business. A man must give his time and effort to the work at hand as well as considerable study. Any farm operated with a desire for success on a business basis will pay. The large number of independent farmers in Navarro county will vouch for this statement.

SCIENCE INVADES THE FARM.

The United States is experiencing a transition from extensive to intensive farming. This change has already been takng place in the East and near large Middle Western cities. It is inevitable wherever soil and climate permit.

At the root of agricultural improvement is, of course, proper utilization and replenishment of the soil, which means not only planting crops best suited to local conditions, but also scientific treatment of the ground. The various federal and state agricultural agencies have been carrying on soil surveys for years and are prepared to analyze soils and recommend the types of fertlizers most likely to improve them.

The difficulty has been to induce farmers to avail themselves of this service. Most of the younger men who are familiar with modern principles of scientific farming appreciate the importance of soil studies and welcome the research carried on by government chemists. But many farmers of the old school, however, loudly they may call for government aid, still are distrustful of "experts."

Fully as important as soil enrichment is the study of plants wth a view to finding strains that will give the greatest yields under specific climatic and soil conditions. It takes no more effort to plant and cultivate good strains on good soil than poor strains on poor soil.

When the trend toward intensive farming becomes more marked the work of the pioneers in scientific farming will assume even greater importance.

The average man needs 12 suits of clothes, a master tailors' association alleges. This is a reduction from the former trade estimate of 40 suits, and yet the average man who bought 12 suits would be safe in ordering them without pockets.

A new coat of paint will do wonders to the appearance of the old home. Now is the time to paint up and clean up.

If, as a movie star says, the wedding ring is obsolete, it's a case of the circle being supplanted by the triangle. June brides is assured.

ART—AND HOWE!

Standing on the sidelines in the role of an innocent bystander we cannot resist the temptation to heave our hat into the air and give three loud cheers for Editor Gene Howe, of the Amarillo Globe, as he trains his verbal guns on the temperamental Mary Garden, the Chicago Civic Opera Company and the performance of "Thais" recently given for "arts sake" and a $16,000 house in the Panhandle city.

We have never heard Mary Garden sing, have never been so fortunate as to attend any performance of the Chicago Civic Opera and we are about as well equipped as a mountain goat to give intelligent criticism concerning any grand opera performance. We either like it or we don't like it. That is as far as we can go. In fact at the time we should have been devoting our "talents" to music we were intimately connected with the mechanical department of a newspaper office and when we should have been studying voice or practicing on the piano we were washing rollers, learning the cases or attending to any other undesirable duties that might enter the foreman's mind.

Having been actively connected with a newspaper office for some thirty years in various capacities we have viewed and heard many "artistic" programs and on numerous occasions we could not help but believe the people were being gyped and everything was not as it should be. But with the alleged competent critics turning handsprings and going into trances over this and that we have always been willing to entertain our personal opinion alone and let the "arts for arts sake" self-appointed committee have a good time.

Mr. Average Citizen will stand for almost any kind of "crime" when it is committed in the name of "art" but we feel sure that all will agree that an artist will give a much better performance if he or she knows a critical audience is present.

TRAFFIC TROUBLES.

Constant study should be made of traffic conditions, so that rules which promise reduction of automobile accidents can be put into effect. Some experimentation is necessary, else little progress can be made.

The suggestion that drivers on main highways be given precedence over those entering from byroads has much to recommend it. Every motorist on state or other through roads sees obscure roads from which cars emerge wthout notice. The danger of collision is an ever present one. The one argument against the remedy is that it may lead to the habit of ignoring cars at all intersections. But unless drivers can be trusted not to abuse regulations made in their behalf little headway will be made in reducing the accident rate.

Another proposal is to give more consideration to pedestrians on busy highways by providing safe paths or sidewalks for them. Persons walking in the country use the roadway because it is clean and smooth and there is usually no other place to walk. In many sections safety demands that pedestrians be taken from the vehicular lanes.

All traffic troubles would solve themselves if all drivers were careful, thoughtful and considerate, and until the last driver acquires these three traits there will be traffic troubles and traffic accidents.

Scientists tell us that from a chemical point a man is worth about a dollar, and a dollar isn't worth as much as it used to be, either.

There are laws to keep crazy people from marrying. But they never know they were crazy until too late.

Wonder if indigestion makes some people grouchy or if being grouchy makes them have indigestion?

Father's threadbare coat spells poverty, while daughter's threadbare stockings indicate affluence.

At least a normal crop of rivals.

BETTING ON THE WEATHER.

A recently-organized insurance company in Germany should come in for a great deal of business at this season of the year, for it offers to supply good weather to its clients or pay a handsome forfeit. Needless to say, a high premium is charged for such insurance, depending on the season, the location and the kind of weather required.

This sort of thing is not new, for Lloyd's of London will insure against any sort of catastrophe, including fire and flood and ordinary bad weather. The new German company apparently makes its appeal chiefly to week-enders and holiday-makers. If its field is largely like betting on the weather, it would get into hot water if there were to be a run of six or seven weeks of wet weather—a thing not unknown in many localities.

If this community and its vicinity were considered as a field for a business of this type, it would be a good thing to include in its list of policies insurance against prolonged traffic tie-ups, particularly slow foursomes playing just ahead, late trains, detours and rain on Sundays and half-holidays.

A situation is conceivable under which the insurance company would be betting itself. Hereabouts there are days on which farmers and backyard gardners pray for rain while equally fervent prayers for sunshine go up from picnic parties and baseball fans. Either way the insurance company is bound to lose—or win.

TOO MANY HOME RUNS.

Baseball fans are complaining that too many home runs are being hit in the big leagues. There is a wide demand for adoption of a less lively ball.

One unacquainted with the psychology of man would ridicule the thought that there would ever come a time when a baseball fan would cease to get a thrill out of a circuit clout and yet that very thing occurred almost daily last season. Major league players hit so many home runs that the bleacherites became convinced a livelier ball was in use.

A thing ceases to be thrilling when it is repeated too frequently and home runs were quite as commonplace last year as singles. Almost every team in the two major leagues had contenders for the crown of the "king of swat" and considerable space was required in the sporting pages of the newspapers for recording the numerous home runs made every afternoon.

That which everybody can do is not achievement. It was once considered a feat to hit the ball over the fence or into the left field bleachers because it was something few could do. Nobody would play solitaire if everybody always won. Lovers of baseball would soon tire of their favorite game if their team never lost. It is the uncertainy and the suspense of the game which makes it the red-blooded, exciting contest it is.

It may be that baseball is developing better players. Such things have happened before and now seem natural. If the sport is producing better players and harder hitters, then perhaps it would be wise for the good of the game to make the ball less lively.

Highways were safe in the days of horse sense Apparently the sense was credited to the right party.

STATE HIGHWAY DEPARTMENT WILL AWARD CONTRACTS

ANOTHER SECTION HIGHWAY 75 THROUGH COUNTY TO BE LET APRIL 23

The state highway department will open bids for the grading and drainage structures on another section of Federal Highway No. 75 in Navarro county, at Austin, April 23, according to a letter received by Clay Nash, county judge, from Gibb Gilcrist, state highway engineer, Friday morning. The new stretch of road to be awarded will be from Richland toward Corsicana, the letter revealed.

Judge Nash stated that he did not know whether the state highway department would award contract on the stretch of road from Richland to Angus or whether it would be from Richland to within two miles of Corsicana where the surveys have been completed, but intimated that he would attempt to get the entire distance awarded at that time as the right-of-ways would be ready by that time.

Rains of Thursday interferred with the road work in Consolidated Road District No. 1. Road work was resumed Monday after a delay from the other rains.

YOUTHFUL MEMBER ROBBER GANG SENT STATE REFORMATORY

BRADY, March 30.—(AP)— Coy Night, 16, was adjudged delinquent in juvenile court here today and sentenced to an indeterminate term in the state reformatory at Gatesville in connection with the robbery of the Farmers and Merchants Bank March 21. He was the first of five charged in connection with the robbery to be tried. The other cases were in district court.

A confession was admitted in evidence. It said R. C. Turner, who faces robbery charges, contemplated the holdup five days before it was committed. Turner promised to take him to Mesa, Arizona, if he made a get-away, and said he would give him $150, Nigh's statement related.

Nigh related in court how he took Turner to the bank just before the robbery, and picked him up again at the Sanderson filling station, where girl companions had driven Turner after the robbery. Night said he drove back through the town, saw the crowd around the bank, and then headed out of town where they were caught.

Harold Johanson, teller, was in the bank with a stenographer when a lone bandit obtained $2,216 at the point of a gun. The money was recovered.

CORSICANAN WHO DIED SUDDENLY BE BURIED SATURDAY

Funeral services for W. A. (Buster) Allen, 45, Corsicana driller, who died suddenly at Grand Saline, Van Zandt county, Thursday morning at 9 o'clock, will be held from the family residence, 727 West Ninth avenue, at 10:30 o'clock Saturday morning. Burial will be in the Kerens cemetery. Rev. J. Howard Williams, pastor of the First Baptist church, will conduct the services.

The body arrived Thursday night on the H. and T. C. R. R. southbound passenger train.

Mr. Allen was an employee of the Pure Oil company and was transacting business for that company when he was stricken.

Surviving are his wife, two sons, Paul and James Allen, Corsicana; his father who lives in Oklahoma; four brothers, one sister and other relatives.

Active pallbearers will be G. W. Weems, Bob Mills, A. B. Harshaw, Bert Rawson, Wes Redden and Al Sowell.

The funeral will be directed by the Corley-McMahon Funeral Home.

PAINS
In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My housework went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

STOCKER CATTLE DEVELOPED UNUSUAL STRENGTH PAST TWO WEEKS ON FT. WORTH MARKET

FORT WORTH, March 29.—(AP)—Stocker cattle on the Fort Worth market the past two weeks developed unusual strength and brought prices not exceeded even during the war period.

While beef cattle prices have showed an upward trend, especially slaughter yearlings and heifers, the advance in stocker cattle has exceeded gains in beef animals.

Steers, heifers, thin cattle and cattle carrying sufficient flesh to be available for packer purposes—all kinds have arrived on the market and found buyers eager to pay high prices for them and take them back to the ranges to await future profits.

Sales the past week included thin heifer calves at $14 for a string averaging 353 pounds; light yearlings averaging 476 pounds at $14, and plenty of them at $13.50 and $13; and steers weighing from 950 to 1,050 pounds and carrying considerable flesh at 1225 and 1260.

Conservative cattlemen point out that feeders generally try to buy lower than they expect to sell—per pound—and then let the gain in weight pay for the feeding expense and furnish the profits. Yet present stocker prices are above finished beef values on the Fort Worth market.

Shortage of cattle is indicated by a decline of more than 50,000 head in receipts on this market since January 1 as compared with the 1928 figures; while the total that year was under the 1927 figures. No doubt ths fact has influenced much of the buying. Many cattlemen have grass lying idle and are taking a chance on getting a profit from their ranges through these high priced stockers.

WESTERN NAVARRO DISTRICT SEEKING IMPROVED HIGHWAYS

BLOOMING GROVE, March 29.—(SI)—Citizens of Frost and Barry met with Blooming Grove citizens here Monday and discussed plans looking to an improved highway from Corsicana to Hillsboro. This was one of a series of meetings which have been held in this vicinity recently.

It is proposed to organize Blooming Grove, Barry, and Frost into a good roads district which will connect with the Consolidated Road District No. 1. R. L. Harris and L. I. Griffin of Blooming Grove and representatives of Frost and Barry will represent the proposed district before the State Highway department during the lattr part of April with the hope of determining upon some plan whereby a hard surfaced road can be built at a cost participated in by funds from federal, state and the proposed district. It is also the plan of those interested to get Hill county to construct the highway from Mertens to Hillsboro.

It is expected that the local representatives will go to Austin on this matter about April 23. A number of conferences have been held with the Navarro county enginers and the resident state highway engineer.

Freestone Attorney Broke Course Record

TEAGUE, March 30.—(SP)—W. V. Geppert, county attorney of Freestone county, broke the record on the Teague Country Club course, making the entire course in 32. This is two less than has ever been made on the course before. The former record was held by E. E. York, M. E. Hodges, and W. V. Geppert in common.

TEXAS POWER AND LIGHT HIGH LINE IS BEING REMOVED

Removal of the Texas Power & Light Company high line, the most dangerous hazard near the new Corsicana Municipal airport, was announced Friday morning from the office of the chairman of the aviation committee. Work is to start on the moving of the line within the near future.

The matter of the high line was subject of a conference with Ted Ferguson, local manager of the company, a few days ago, and through his influence, the move was authorized, enabling a greater portion of the field to be used for landing purposes. John W. Carpenter, president of the Texas Power & Light Company, also pledged his hearty support to the airport project.

Air mail invitations were extended to Major General Fechet, chief of the air corps, and to Captain Ira C. Eaker, to be guests of honor at the opening of the airport on April 27-28. Plans for the great celebration are rapidly taking shape and details will be announced within a few days.

All municipal, civic and fraternal organizations are swinging into line and assisting in every way possible in the plans for the gigantic celebration to be staged on the opening days, which will be featured by air races, stunt flying, aerial stunts, and a number of social functions.

Outpost Meetings at Streetman-Richland

Outpost meetings were held in Streetman and Richland Saturday afternoon by members of the local Salvation Army corps, under the direction of Captain and Mrs. G. W. Thomas, officers in charge of the local corps.

The group left Corsicana shortly after noon and will return in time for the regular Saturday night services in Corsicana.

Are you **giving your child the right chance?**

DO you not marvel when thinking of the inward physical workings of your child—bone, flesh, muscle and brain growing each day—building onward toward manhood or womanhood?

Of course it is the blood stream which carries the millions of tiny red-cells to all parts of the body. And it is the healthy, rich, red-blood-cells that does this building, warding off disease and making for strong and healthy bodies.

When a child's appetite wanes or he loses weight, the complexion becomes sallow or pimples and boils appear—then you instantly know that the inward mechanism is not working properly — that a good blood tonic is required.

In such cases S.S.S. is the proper tonic. It is made from fresh vegetable drugs—therefore will not harm the most delicate system. It improves the appetite and restores the red-blood-cells to normal; lost weight is regained; skin eruptions clear up and color returns to the cheeks.

S.S.S.

S.S.S. builds sturdy health

Give your child the right chance to develop. You will not regret it in later years.

For more than 100 years S.S.S. has been helping children and their elders regain strength and vitality.

The seasoning and aging process, used in the manufacture of S.S.S., makes it pleasant to the taste.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

The Soldiers Memorial Committee

is very anxious at this time to obtain as soon as possible the names of all men from Navarro County who lost their lives in the World War either killed in action or dying from diseases in United States or France. The object of the request is to be sure that not a single hero's name will be omitted from the bronze memorial tablet to be erected in their honor in Corsicana, Texas. Our roster to date has the following names:

Charles B. Johnson	Lewis Wiggins
Isaiah D. Adams	Jesse B. Jones
Perry A. Allison	James O. Johnson
Leroy Andrews	Arthur C. Loper
Frank C. Benson	Lewis A. Lynch
William A. Bolt	Arnold McElroy
Buster Cranford	Benjamin McGehee
Samuel Crouch	Louis C. Morris
Luther E. Dickey	Walter Phillips
Walter E. Ellis	Charles Sowell
Clyde Fetty	David H. Steely
Elbert P. C. Fulton	David E. Stockman
Robert B. Gilbreath	Lonnie Suggs
Stephen A. Graves	George L. Vinson
Willie Greer	Robert H. Wasson
Samuel Jackson	Watt E. Waters
Oscar Wilson	Van G. Clark

MEMORIAL COMMITTEE

W. H. Hastings
Major Chas. H. Mills
Mrs. W. A. Townsend
Ballard George
Mrs. W. P. Goar

Anyone knowing of any names that are not on the above list please communicate with the above Memorial Committee or the Daily Sun.

CHEVROLET

Ten Reasons why

300,000 careful buyers have chosen the New Chevrolet Six

since January 1st

Ever since the date of its introduction, the new Chevrolet Six has swept triumphantly on to greater and greater heights of popularity. Value for value and price for price—buyers have compared it with other cars in the low-price field. And the result has been an overwhelming public preference—over 300,000 buyers since January 1st. And everywhere the enthusiasm is constantly increasing—for the new Chevrolet Six combines, as does no other car in the world, those ten great fundamental factors which careful buyers are now demanding in the cars they buy.

6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder valve-in-head motor, the new Chevrolet provides that smooth, quiet, flexible performance which is the distinguishing characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration. You can ride and drive for hours without annoying rumble or noise fatigue—every mile a delight for both driver and passengers.

6-Cylinder Getaway

And in sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. An automatic acceleration pump results in remarkably fast acceleration whenever the accelerator is suddenly depressed. And a new high-compression, non-detonating cylinder head eliminates every trace of "lugging"—even when you have occasion to accelerate swiftly in high gear.

6-Cylinder Speed

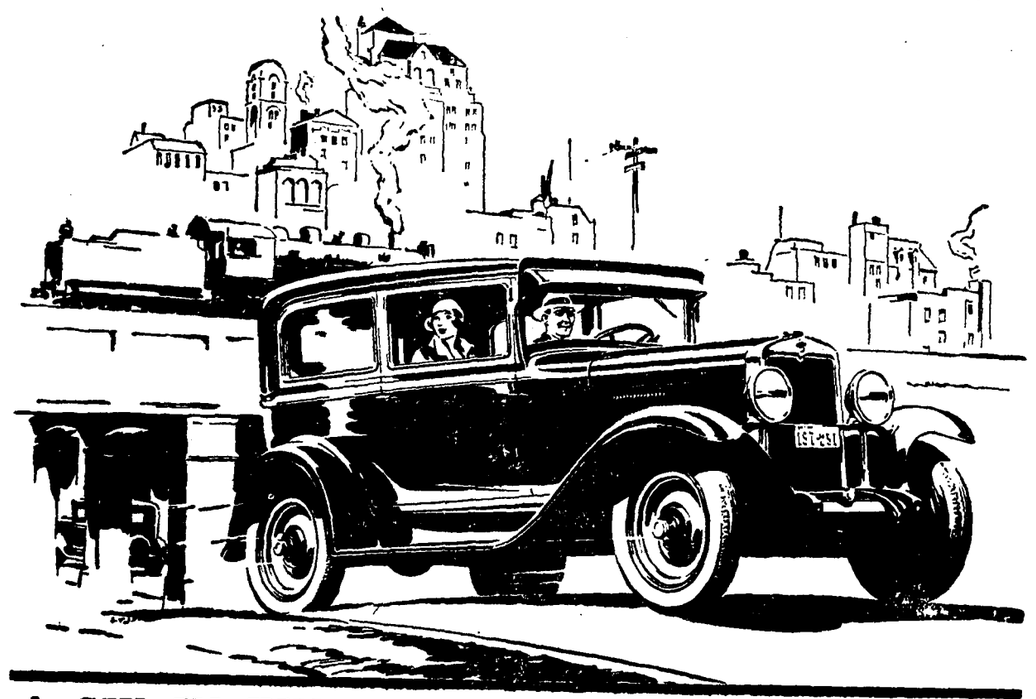

Naturally, Chevrolet's powerful six-cylinder valve-in-head motor might be expected to provide speed in abundance. But even more important than the speed of the new Chevrolet Six is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling of complete security—and you come to the end of a full day's drive entirely free from the weariness caused by engine noise and body rumble.

6-Cylinder Power

The great reserve power of the new Chevrolet Six is a constant delight. The steepest hills are taken with ease. Heavy roads are negotiated without the necessity for frequent gear-shifting. And even at the higher speeds, there is always that feeling of confidence which comes from the knowledge that additional power is at hand . . . instantly available for whatever need may arise.

Modern Safety Features

The new Chevrolet Six is equipped with every modern safety and convenience feature—typified by a full ball bearing steering mechanism, non-locking 4-wheel brakes with separate emergency brake, foot controlled adjustable two-beam headlights, automatic fuel pump, theft-proof Electrolock, electric motor temperature indicator, and Fisher VV windshield and adjustable driver's seat in all closed models. As a result, it is one of the easiest and safest cars in the world to handle.

A SIX IN THE PRICE RANGE OF THE FOUR

Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be considered exceptional in any automobile. But in the new Chevrolet it is nothing short of sensational—for here it is combined with operating economy of *better than 20 miles to the gallon of gasoline.* As a result, those who can afford to own *any* automobile can afford to own and operate a Chevrolet Six!

Exceptional Riding Comfort

Another vital factor that has influenced hundreds of thousands in their selection of the new Chevrolet Six is its exceptional riding comfort. Built on a wheelbase of 107 inches . . . offering the deep-cushioned luxury of bodies by Fisher . . . and with the entire upper structure cradled on four long semi-elliptic shock absorber springs—it travels the roughest highways with amazing comfort. And its balance on turns and curves is equally exceptional—for the rigid frame and the long springs reduce sidesway to the minimum.

Beautiful Fisher Bodies

The marvelous bodies on the Chevrolet Six reveal, as never before, the matchless artistry that has made the Fisher name renowned throughout the world for excellence in coachcraft. Longer, lower and roomier . . . finished in attractive, long-lasting colors . . . and upholstered in rich deep-tufted fabrics that give to the interiors an air of custom elegance—they introduce into the low-price field an entirely new measure of style and distinction.

Proved Dependability

Before the new Chevrolet Six was presented to the public, it had been tested for more than a million miles on the roads of the General Motors Proving Ground. Never did a new motor car go into the hands of its owners more thoroughly proved in every detail. And now, reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

Amazingly Low Prices

Many people do not realize that this marvelous new six-cylinder Chevrolet *is actually offered in the price range of the four.* Compare total delivered prices as well as factory prices when determining automobile values. You will find Chevrolet delivered prices include the lowest handling and financing charges available.

POLITICAL BATTLE BETWEEN LONG AND SOLONS BE RENEWED

EASTER TRUCE ENDS AND LEGISLATIVE COMMITTEE READY TAKE UP CHARGES

BATON ROUGE, La., April 1.—(AP)—Political warfare between Governor Huey P. Long, and a portion of the state legislature seeking his impeachment threatened today following an Easter armistice.

A meeting of a house committee to determine procedure for taking testimony against the governor, and the committee report tonight were on the day's program.

The governor's political enemies plan to train their heavy guns upon him tomorrow when testimony probably will begin. Under present plans, witnesses will be summoned to appear before the house.

During the house hearing only anti-Long testimony will be heard to determine whether there is merit in the charges. If a majority of the house believes the testimony warrants a trial, the governor will be called before the senate where the case will be heard.

A two-thirds vote of the senate is necessary to convict.

Governor Long has mailed thousands of letters to voters in the state requesting them to come to his assistance by wiring or writing their representatives.

EXTENSION MADE TO EUBANKS POOL MITCHELL COUNTY

DALLAS, April 1.—(AP)—Wtih the finding of oil in a well drilled by the Crosscut Oil Corporation on the J. W. Newton land, Robert Mitchell survey, near Crosscut, a half mile extension of the Eubanks pool appeared imminent. Oil in the hole was encountered around 1,150 feet, and drillers believe the well will be good for 100 barrels daily when completed.

Good signs of oil in the Simpson Fell well No. 1 Owens, northwest of Denison, is reported. Gas sand in the test was found at 922 feet, and drillers expect to pick up oil sand a few feet deeper.

Big Production Increase.

PAMPA, April 1.—(AP)—Several large gushers within the past few days has increased Gray county's oil production to 26,435 barrels daily. Hutchinson county, heretofore the leading producing county in the Panhandle fields, was said to be running around 25,320 barrels daily.

LICENSE FEES AND GASOLINE TAX MUST BE DECIDED UPON

(Continued from Page 1)

fort will be made to avert it. The senate wavered when the bill was first presented over there and was inclined to reduce the cut to 20 per cent, but the highway bond issue proposal had not been settled in the house, and some of its warm supporters in that end of the capitol threatened to vote against it unless the senate enacted the 50 per cnt rduction bill. Those opposed to the bill claim it will greatly hamper the highway commission's road building plans.

Gasoline Tax Increase.

The gasoline tax is two cents per gallon. The special session is reasonably certain to make it three cents, maybe four. Two years ago the tax was set at three cents for the first year of the biennium and two cents thereafter until changed by the legislature.

There will be considerable opposition to a high gasoline tax, with some of the legislators insisting on four cents, and a few favoring five cents. The highgway department hopes the tax will not be lower than four cents.

Although it is claimed the consumer pays the tax indirectly, a likely lobby is expected to make itself felt in opposition to a high gasoline tax. It will be resisted by other powerful influences, such as automobile organizations, road clubs and chambers of commerce, all of which are clamoring for a larger revenue for highway building.

Special Session April 22.

AUSTIN, April 1.—(AP)—Governor Moody has decided on April 22 as the date to convene the special session of the legislature, he announced today. While the session's chief business is expected to be passage of appropriation bills for support of the government during the next biennium, other matters, including penitentiary concentration, public utilities regulation and gasoline tax and automobile registration bills will be considered.

SELECTING JURY FOR TRIAL SEAMAN ON MURDER CHARGE

HOUSTON, April 1.—(AP)—Only one juror had been selected for the trial of John B. Fikes, seaman charged with murder, at noon today. Fikes is charged with stabbing George A. Leonard, 32, chief steward, while their ship, the Endicott, was docked at Le Havre, France, on February 1.

Examination of the veniremen was conducted by Federal Judge J. C. Hutcheson, Jr. At the request of Defense Attorney D. A. Simmons, the court asked prospective jurors if they would be prejudiced if it were shown the defendant was drinking at the time of the killing, or if it were proved the dead man was a naturalized Syrian, or if the killing was by a man in defending his own life.

Col. Ben Spurlock Corsicana Visitor

Col. Dan Spurlock, fromer resident of Corsicana, now of Shreveport, La., accompanied by his wife and three children, were week-end guests in the home of Mr. and Mrs. Jack Castles.

Col. Spurlock is well known in Corsicana, where he has many friends. He attended the public schools here and spent most of his boyhood in Corsicana. After serving overseas with distinction during the World War, Col. Spurlock has been actively identified with the American Legion, holding high offices in both the state and national departments.

FEDERALS WATCHING REBEL CAMPFIRES AT BORDER TOWN TODAY

AERIAL ATTACK ON NACO SUNDAY THREW TOWN INTO FEVERISH EXCITEMENT

NACO, Sonora, Mexico, April 1.—(AP)—Doubly watchful after experiencing two Easter day aerial bombing attacks, federal soldiers entrenched at the Naco garrison stood by their guns today with their eyes on a semi-circle of rebel camp fires to the east, south and west.

The aerial bombing, the first action of the long-delayed attempt of General Fausto Topete to wrest this border town from loyal troops under Generals Lucas Gonzalez and Augustino Olachea, killed two federal soldiers, wounded two others and threw a scare into a crowd of holiday visitors from the American side of the border.

A lone rebel plane from Topete's camp made the raids. The first was in the morning, arousing the sleepy village to a high pitch of excitement. Four bombs were dropped but only two exploded. The plane flew low, and federals sent up a barrage of rifle and machine gun bullets.

On an afternoon visit the rebel bomber flew 4,000 feet above the city and dropped three bombs. The first explosion caused a stampede of American sightseers through the international gate. Another missle scored almost a direct hit in the trenches. The third bomb plunged through the tin roof of an empty building near the Mexican customs house.

Scores of Americans, perched on railway box cars on the American side of the border, witnessed the second air raid. Because of the distance they could not determine the casualties but the Mexican consul in Naco, Arizona, later confirmed the reports of two soldiers being killed and two injured.

Four bombs fell from one plane, three exploding inside the federal entrenchments and the fourth just outside the wire entanglements, but a stone's throw from the International line, where many Americans had gathered since dawn awaiting renewal of activity on the part of the rebal general, Fausto Topete.

Whether any casualties occurred could not be learned immediately.

The federals trained machine gun fire skyward. It was of no avail, apparently, for after circling the town several minutes, the planes darted safely away to the south.

Two federal planes held back of the American line took the air but they were prevented from crossing the interlational line pending official approval from Washington.

Troop movements could be seen through field glasses at the distant rebel encampment. Cavalry was observed deploying to the south of the trenches here and groups of infantry appeared to be marching to the southeast.

NACO, Sonora, April 1.—(AP)—A resumption of the rebel aerial bombardment of Naco began about 10 a. m., today. Two rebel airplanes appeared over the federal trenches and began dropping bombs.

PROBING MAN'S DEATH.

TULSA, April 1—(AP)—Tulsa county authorities today continued an inquiry into the death here last night of W. P. Smith, 44, Wichita Kas., salesman, who died shortly after he was found unconscious on the floor of his hotel room. Physicians said they found nothing indicating foul play.

Roll Easter Eggs On White House Lawn

WASHINGTON, April 1.— — The White House grounds were thrown open today to a crowd of laughing youngsters for the nual Easter Monday egg rolling.

Although rain interferred, several hundred children gathered within an hour and scrambled about the lawn. As an unusual feature of the event, Mrs. Hoover had two May poles to present to the youngsters in person.

Only two children and adults with children were admitted to the grounds in the morning, but, as usual, a welcome was arranged for every one in the afternoon, with the marine band giving a concert.

FORMER CORSICANA RESIDENT DIES IN FAIRFIELD SUNDAY

J. S. Garmon, 71, native of Mississippi, but resident of Texas and Navarro county for a number of years, died suddenly at Fairfield, Sunday morning at 9:25 o'clock with a stroke of apoplexy, and the body was brought to Corsicana where the funeral services were held from the residence of his son, Herbert Garmon, 100 North Beaton street, Monday afternoon at 3 o'clock, with burial in Oakwood cemetery. He had been residing with his son, Gilbert Garmon, at Fairfield for several months, but was planning to return to Corsicana within the near future to reside. He had lived at Corsicana about 10 years and prior to that time had resided at Currie twelve years.

Surviving are five sons, Harry T. Gorman, Corsicana; Herbert Garmon, Corsicana; J. J. Garmon, Houston; Alex Garmon, Corsicana; Gilbert Garmon, Fairfield; two daughters, Miss, Essie Garmon, Corsicana; Mrs. Ruby, Tankersley, Albany; two sisters, Miss Mary Garmon, and Mrs. Florence Johnson, both of California; two half-brothers, Rush Garmon, West, Texas, and Albert Garmon, Cooledge, Texas, and other relatives.

The funeral was under the direction of the Corley-McMahon Funeral Home.

The funeral services were conducted by Rev. David Shepperson, pastor of the First Presbyterian church.

BLEEDING GUMS, HEALED

The sight of sore gums is sickening. Reliable dentists often report the successful use of **Leto's Pyorrhea Remedy** on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails. — Cooper Pharmacy.

SPECIAL VENIRE CALLED IN ADAMS CASE AT DALLAS

RESULTS RICHARDS TRIAL EXPECTED TO PLAY IMPORTANT PART

DALLAS, April 1.—(AP)—A special venire of 500 was called today for the second trial of V. Ray Adams, farmer of Bartlett, charged with the murder of Orville L. Mathews, Dallas banker, here September 1.

Since a previous trial, which resulted in a mistrial, Adams has been at liberty under $25,000 bond. Two weeks was required to hear testimony in the first trial and it was expected the present hearing would last nearer three weeks.

Developments since the first trial were expected to affect the aspect of the present case. At the first trial Adams sought to prove he shot Mathews after the banker had pocketed $2,000 in election bet stakes which belonged to Adams and a group of friends. Adams said Mathews made a "hip-pocket" move when confronted and ordered to produce the money.

Since the first trial of Adams it has been proved to satisfaction of a jury that Mathews was the victim of a clever forgery allegedly engineered by Ben C. Richards, Jr. one of the losing betters. Richards was given three years for forgery. He is at liberty under $3,000 bond pending appeal.

Meningitis Epidemic Threatens Shanghai

SHANGHAI, April 1—(AP)—Shanghai health authorities have become alarmed at rapid spread of Cerebro-spinal meningitis here. More than 1,000 cases are under treatment.

Many of those stricken have died, among them nine foreigners. Twenty-five foreigners have contracted the disease.

One of the most alarming features is the supply of meningitis serum has been exhausted for the last 48 hours. Emergency supplies have been ordered from Manila, Japan, Hongkong, Germany and the United States.

EVANGELIST RETURNS.

Mrs. Louella V. Brown, evangelist, returned to Corsicana Monday after a series of successful revivals. She reported a very interesting meeting in the penitentiary at Huntsville Sunday.

COMMITTEES FRAMING FARM RELIEF LEGISLATION BEGIN TO SEE MEASURE TAKE SHAPE

WASHINGTON, April 1.—(AP)—With the farm relief hearing almost completed, senate and house agriculture committee leaders are beginning to see clearly the outlines of the legislation they will propose when congress meets April 15 to carry out one of the major pledges of the Hoover campaign.

The bills are expected to be drafted around the central idea of a federal farm board, which Mr. Hoover emphasized during the campaign. The scope of its powers has not been definitely defined, but the leaders are convinced they will be able to give it enough authority to deal not only with present but with future problems of agriculture operating through commodity councils.

The plan also calls for provision of a revolving fund of $300,000,000 or more to finance efforts to prevent violent depressions in the levels of agricultral prices through stabilization corporations which would be established whenever the commodity councils found the accumulation of surpluses great enough to affect the domestic market.

The question of including in the measure some means of limiting production when surpluses threaten the market for a crop remains to be worked out further. Some think any attempt in this direction would be unconstitutional, while others, disagreeing with them on that point, hold some such provision is neccessary to place the agricultural industry on a firm foundation.

PROBING DEATH OF WEALTHY OKLAHOMA OIL OPERATOR

TULSA, Okla., April 1.—(AP)—Inquiry into the death of William S. McCray, millionaire oil operator, started by his estranged wife, Mrs. Jeanette McCray, today led county authorities to conclude he was fatally injured by a man who had threatened him by telephone.

Abdominal injuries caused his death Saturday, authorities said. The assault occurred on the night of March 24 in McCray's hotel room. Shortly after he had received a telephone call from a woman, a man called him and said:

"I'm coming up there and get you for that. I'm going to beat you up."

McCray reported the conversation to a friend who divulged it to police.

The oil operator summoned a physician that night, who removed him to a hospital where two operations were performed. McCray told his nurse he did not know his assailant.

Twenty-four Dead in Belgian Mine Blast

BRUSSELS, April 1.—(AP)—Twenty-four dead and 25 injured was the known toll today of a series of explosions in the Winter Slag Coal mine near Hasslet, Limburg. Others were missing. A number of the injured were expected to die.

JESTER RESIDENT DIED SUNDAY NIGHT IN LOCAL HOSPITAL

H. L. Woodard of Jester, 47, died at the Navarro Clinic Sunday night at 11:30 o'clock, following a heart attack Sunday, and the funeral services were held Monday afternoon at 4:30 o'clock at Campbell cemetery, where burial was made. The funeral services were conducted by Rev. G. W. Kinsheloe, Methodist minister of Corsicana. Mr. Woodard was stricken with the heart attack Sunday morning and was brought to a clinic here Sunday afternoon.

Surviving are his mother, Mrs. H. L. Woodard, Jester; four brothers, S. Woodard, A. H. Woodard, Bascom Woodard, all of Jester; Joe Woodard, East Point, La.; three sisters, Mrs. E. E. Banks and Mrs. R. A. Crouch, both of Corsicana, and Mrs. W. P. Brown, Kerens.

The funeral was directed by the Corley-McMahon Funeral Home.

State Rail Body Will Probe Cause T. P. Strike Order

LONGVIEW, April 1.—(AP)—The Texas Railroad Commission will hold a meeting here Wednesday in connection with the removal of a division point of the Texas and Pacific railway from Longview to Mineola.

Removal was a reason for the strike vote having been taken recently by brotherhoods of the T. & P. The men sought reimbursement from the road for homes in which they had invested.

MAYOR MURCHISON GIVES ENDORSEMENT TO MEMORIAL PLAN

IDEA SHOULD TOUCH HEART-STRINGS OF EVERY CITIZEN OF OUR COUNTY

Expressing his enthusiastic approval of the plan to erect a dignified and enduring memorial to the boys of Navarro county who lost their lives in the world war, Mayor J. S. Murchison conveyed his feeling in a letter Saturday to the committee in charge. Initiative in the proposal for the memorial was taken by the Corsicana Lions Club, but the movement is being sponsored by all of the civic and service groups in the city, as well as by representative individuals over the county.

"The movement to erect a suitable memorial to the boys of Navarro county who gave their lives in a call of service to their country in the greatest war the world has ever known should touch the heartstrings of every citizen of our country," declared Mayor Murchison in his letter.

"Such a token of community remembrance and esteem has long been felt and since the close of the war, it has been suggested by members of the American Legion and other thoughtful citizens, but for various reasons has never been consummated. I think it is a very fine tribute to the Lions Club to call this matter again to the attntioen of our citizens, and with the co-operation of the various organizations of men and women of the city, to promote such a proposal in full accord with every interested citizen of the entire county.

Memorial Suitable.

"It seems to me that the suggestion of a huge native Texas granite boulder with a suitable bronze memorial plague is the type of simple, enduring memorial well suited to the purpose.

"There is a suggestion of simplicity and sincerity in such a memorial that is happily appropriate to perpetuate the names of our Navarro county patriots. While the spirit of these boys who sacrificed their lives is written deeply in our hearts, still it is well that we have some physical means of keeping their names fresh in memory and that throughout the years and following generations there may be an enduring reminder.

"I am particularly pleased at the spirit of the committee in making this a county-wide movement and giving to every man, woman and child an opportunity, at least, to have some part, however small, in this memorial. I am confident that citizens throughout the county will respond with their interest and support in this substantial token of a grateful county's appreciation for the supreme indication of patriotism shown by Navarro county's quota of world war heroes."

J. C. Penney Co. Store Managers in Session in Dallas

Clyde Foster, manager of the local J. C. Penney Co. store left Saturday for Dallas to attend the annual Spring convention of the organization which opened April 1 in the Hotel Baker.

The convention, which is one of fourteen, covering the entire country will be headed by A. W. Hughes, of the personnel department, chairman; Earl C. Sams, president; J. I. Herbert, vice president and treaserer; L. A. Martin, and T. J. Maroney, district manager will also be present from the home office.

On Tuesday evening there will be a banquet at the hotel with a short program of inspirational nature followed by the initiation of new managers into the P. C. Penney Co. ranks.

Following the business sessions, four days will be devoted to spring buying.

Recent developments in the J. C. Penney Co. include the acquisition of 117 stores throughout the midwest and west and the opening of 65 new stores in the general expansion program to include 500 new locations during the present calendar year.

WORTHAM PIONEER WOMAN DIED THERE; BURIAL ON SUNDAY

WORTHAM, April 1.—(Spl.)—Mrs. Laura L. Brown, after a short illness died at her home Friday. Mrs. Brown was one of the early pioneers of Wortham, having moved here from Mississippi, when only a few years old. She was born Feb. 22, 1861. She was the wife of the late P. C. Brown. They were Married in Wortham in 1879. Mrs. Brown lived and died the home where she went as a bride. She was the mother of fifteen children, five of whom survive, and all living in Wortham, Mrs. E.C. Crouch, Mrs. L. F. Reed, Mrs. E. F. Cooper, Lewis Brown and Philip Brown. Funeral services were from the home Sunday at 3 o'clock, conducted by the Rev. George Bounds, assisted by the Rev. W. L. Shivers, pastor of the Methodist Protestant church. Burial following in the Wortham cemetery.

Another Soldier Who Lost Life in World War Service

William V. Keel, was among the Navarro county boys who died in the army during the world war. He enlisted in this county and was assigned to 360th Transport motor company, and died in Jacksonville, Fla., on Oct. 22, 1918.

He did not get over seas.

HON. L. A. JOHNSON ENDORSES MEMORIAL TO WORLD WAR DEAD

The following letter of endorsement for the Lions Club memorial to the Navarro county boys who lost their lives in the world war, accompanied by a check for $5.00 has been received by the Sun:

Corsicana Daily Sun,
City.

Gentlemen: The proposed erection of a memorial tablet to the World War heroes of Navarro county, is a cause that should challenge our attention. On it will be inscribed the name of every Navarr county boy who made the supreme sacrifice.

The suggestion of the Lions Club that we thus honor these heroes should find a sympathetic and generous response from the citizenship of the entire county. It is surprising that we have not done so before now. Lack of opportunity so to do is doubtless the only reason.

I am glad the contributions are to be entirely voluntary and donated without solitictation. Every dollar thus contributed will be prompted only by unselfish and patriotic love.

Hundreds of counties in every section of the United States have long since erected similar memorials, and speaking from by own personal experience I never see one of them, without having a higher regard for the community and the people who have thus honored their sacred and heroic dead. Such memorials evidence the existence of gratitude and patriotic devotion, without which no civilization can endure.

The South has always possessed in a large measure these fine and lofty sentiments, and they have enriched the character of our people and made our history more glorious.

By all means let Navarro county honor those whose memery we revere, and whose patriotism we desire to commend to to our children and those who shall live after us.

LUTHER A. JOHNSON.

The New Homestead

"Turn backward, turn backward, O Time in thy flight;
And again make our dwelling a beautiful sight!"

It can be done! We can do it. Many a home in a state of mild decay has been restored to a new and modernized appearance by prompt attention from the proper source. The success we have had in the past in restoring old homes is your guarantee that we can do the same for you.

MASONIC ADDRESS DELIVERED SUNDAY BY THOS. M. BARTLEY

BERTRAND DU GUESCLIN COMMANDERY OBSERVES EASTER SERVICES

Deviating from the usual custom of worshiping in a body at a church Easter morning, Bertrand du Guesclin Commandery No. 14, Knight's Templar, Corsicana, held Easter services Sunday afternoon at 3 o'clock at the Masonic Temple with the address of the occasion being delivered by Thomas M. Bartley, Grand Senior Warden, Grand Commandery, Knights Templar, of Texas.

The ritualistic Easter service of the order was carried out in an impressive manner with responsive reading led by Dr. Thomas W. Watson, prelate, and the response by the Knights assembled.

Special music was rendered by a quartet composed of Sir Knights Fred White, H. Edgar Metcalf, Willis O. Alman and Robert E. Layton. Joel C. Trimble was the accompanist.

The Knights were given an opportunity to contribute to the relief of the poor and a goodly sum was realized which will be donated to some charity.

Sam Helm introduced the speaker of the afternoon and paid high tribute to him as a man and a Mason.

Mr. Bartley's address was strictly Masonic. The relations of Masonry, the resurrection of Jesus Christ and the teachings of the Bible were discussed at length by the speaker who held the close attention of his hearers for over an hour. That the facts of the resurrection and that Jesus Christ overcame death were much more pleasuible and easier to believe than the stories told in an effort to offset life everlasting were definitely set forth by Mr. Bartley in a clear and concise manner. The speaker also discussed Masonic teachings and beliefs to some length.

At the conclusion of the address every man present took occasion to grasp Mr. Bartley by the hand and express appreciation to him for the message he had given them.

Officers of the Commandery follow:

Robert Stell, Jr., commander; Robert E. Irvine, generalissimo; Felix L. Irwin, captain general; John R. Carroll, senior warden; Will R. High, junior warden; Thos. W. Watson, prelate; Joe Sands, treasurer; Edward R. Glover, recorder; John D. Cunningham, Jr., standard bearer; John R. Matlock, sword bearer; Wm. Franklin Seale, warder; Walter Griffith, sentinel.

Past commanders are: Jesse F. Stout, Chris L. Knox, Royal Jesse Graves, Sam J. Helm, Jas. M. Blanding, W. Earl Pressley, Jas. L. McCleary, Patrick M. Loggins, Henry Iversen, Wm. G. Baker, Wm. M. Huff, Richard L. Calkins, John S. Murchison, Robert B. Molloy, Thos. W. Watson, Rufus F. Briggs, Chas. W. Croft.

Attractive programs printed by the students of the department of printing, Masonic Home and School, Fort Worth, Texas, carrying the Easter service, were distributed.

The service was largely attended.

Corsicana Invites You

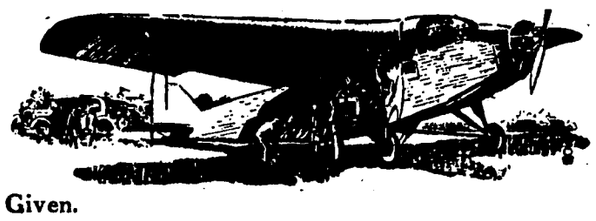

To Attend the

DEDICATION OF THE

Municipal Airport

AND INAUGURATION OF PERMANENT AIR SERVICE

Apr. 27-28th

Day and Night Programs Will Be Given.

Spectacular stunt flying by skilled pilots. Formation flying by American Army planes —Aerial "Dog Fights'; parachute jumping; forced landings and other hair-rising features.

Many army and civilian planes will participate in the air circus stunts, and formation flying, which will feature both days. Many of the country's most famed pilots and flyers will participate in the dedication and program. Also big, tri-motored 14-passenger plane will be here.

Hundreds of dollars will be given away in aviation prizes. Big parade showing evolution of transportation. Impressive dedication program at airport. Many prominent state and national officers of aviation will be here.
Five bands, and other attractive features.

Don't miss what promises to be the biggest event in the business and commercial activities of Central Texas.

Everybody is co-operating and everybody will be there.

Co-operating Organizations that will make the airport opening a big success are as follows:

Shrine Club
City Commission
Chamber Commerce
Rotary Club
Lions Club
Civitan Club
Country Club
Advertising Club
Retail Merchants
Commissioners' Court
American Legion
Press
Business and Professional Women's Club.

GRAND JURY FOR JANUARY TERM IS GIVEN DISCHARGE

ONE HUNDRED AND TWENTY-ONE INDICTMENTS RETURNED BY PROBERS

The January term grand jury was finally discharged Thursday afternoon by Hawkins Scarborough, judge of the Thirteenth judicial district court, after its final report had been made, reciting that the investigators had been in session twenty-five days, examined 260 witnesses, returned 121 indictments and voted "no bills" in eight cases.

The report showed that there had been indictments returned as follows:

Burglary, 25; theft, 38; violation of the prohibition laws, 26; receiving and concealing stolen property, 17; forgery, 12; bigamy, 2; assault with intent to murder, 1; misdemeanors 3.

The investigators expressed their appreciation for the co-operation given them as well as assistance from Hawkins Scarborough, district judge; H. B. Daviss, and Cleo. G. Miller county attorney and assistant county attorney, respectively; Rufus Pevehouse, sheriff, and his deputies; Will S. Knight, chief of police, and all of his department. The report referred to the work done by Chief of Police Knight with the county officers without additional pay and the report also asked the Navarro county commissioners court to restore the $250 cut recently made in the salary of Rufus Pevehouse, sheriff.

The jail was visited and was reported kept in good condition. The county farm and county hospital were not visited as no complaints reached the grand jury as to the manner in which they were being handled.

The report was signed by the following members:

Guy B. Gibson, foreman; M. L. Levine, J. C. Sweatman, W. L. Pevehouse, R. Clark, H. S. Whorton, J. N. Edens, Jr., W. H. Chewning, J. C. Walker, Walter Beaton, R. L. Jones and R. A. Caldwell.

Dawson Scholastics Show An Increase

DAWSON, March 29.—B. W. Edwards of the local school has just finished the school census of the Dawson district and reports that there are 507 scholastics, 345 whites and 162 colored. This is a considerable increase as compared with the census of last year.

Building Permits Showing Healthy Increase Weekly

Four permits totaling $8,500 were issued by the city engineer's department during the past week, bringing the total this year to $85,450. The total of the permits issued is steadily mounting.

FUNERAL SERVICES FOR A. W. BYERS IS HELD AT EMHOUSE

Funeral services for A. W. Byers, sixty-seven, farmer, who died at his home in the Roane community Thursday morning at 3 o'clock, were held Friday afternoon from the Methodist church at Emhouse, at 2 o'clock with interment in the Emohuse cemetery.

Surviving the three daughters, Mrs. T. G. McGlathney, Corsicana; Mrs. C. E. Ragsdale, Big Springs; Mrs. J. B. Pritchett, Montfort; two sons, R. A. Byers, Trinidad, and Marvin Byers, Barry.

The funeral was directed by the Sutherland Funeral Home.

YOUNG MEXICAN GIRL DIED NEAR RICE THURSDAY

Bacilia Garcia, 15-year-old daughter of Senor and Senora C. Garcia, who reside on the Fortson farm near Rice, died Thursday night shortly before 8 o'clock, following a lingering illness and the funeral services will be held at the Catholic cemetery Friday afternoon at 5 o'clock, where burial will be made. The funeral services will be conducted by Rev. V. Graffeo of the Church of the Immaculate Conception.

Surviving are her parents, five brothers and five sisters.

Sutherland Funeral Home will have charge of the funeral.

PROMINENT WOMAN WILL BE VISITOR AT CONVENTION HERE

Among the prominent visitors who will attend the eighth Texas convention of the National Council of Jewish Women is Mrs. Estelle Sternberger of New York City, secretary of the organization, local convention officials announced Friday.

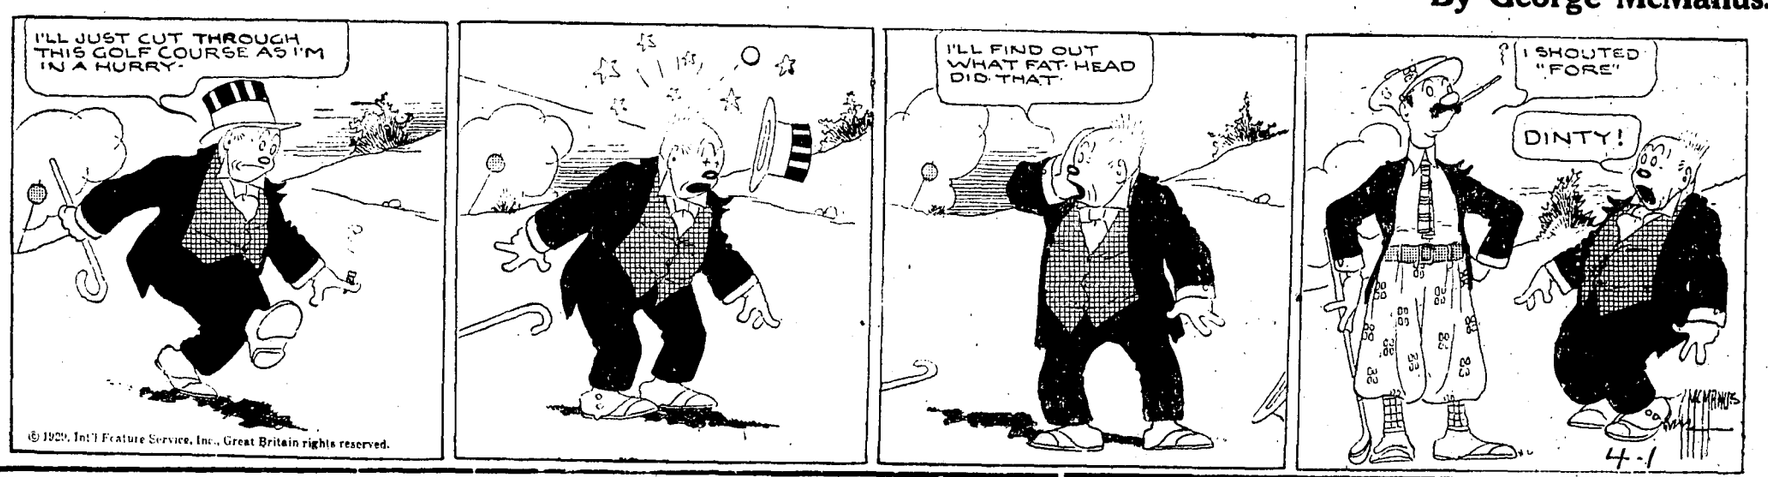

Mrs. Sternberger has held her place as executive secretary since 1920, and in addition acts as secretary of the National Council of Women of the United States, which is affiliated with the International Council of Women, headed by Lady Aberdeen of Scotland. The secretary has also been secretary of the conference committee of the National Jewish Women's organizations; a member and an executive at the National Conference of Jews and Christians; editor of "The Jewish Woman," a member of the American League of Penwomen.

The convention will be hld in Corsicana April 7, 8, 9, and the local Council of Jewish Women feel very fortunate in having Mrs. Sternberger as visitor during its three-day session of the State Conference.

TODAY'S CROSS-WORD PUZZLE

HORIZONTAL.

1—Depression between two mountains.
4—Who wrote the play, "Major Barbara"?
8—What celebrated American aviator put Ver-sur-Mer on the map?
12—Who was the victim of the first fratricide?
14—What animal is the athletic symbol of Columbia University?
16—Greek letter.
17—What French Orientalist wrote a celebrated "Life of Jesus"?
19—From what mountain did Moses see the Promised Land?
21—Post-meridian (abbr.)
22—Three-legged stand.
24—Colorless.
26—Electrolytic unit.
27—Hymenopterous insect.
29—Pulls.
31—Half an em.
32—Remedies.
34—Cereal grass.
35—Who invented the telephone?
36—Who is the supreme goddess of the ancient Egyptians?
39—Atmosphere.
40—Before now.
42—Note of the scale.
43—Bite impatiennly.
45—Grow old.
46—What is the unit of the decimal system?
47—Plant ovule.
49—Enroll.
51—Within.
53—Clip.
55—Large bird.
56—Neither.
58—Having a natural luster when uncut.
60—Dam.
61—Who was the husband of Eve?
62—Enthusiasm.
63—In law, a thing.

VERTICAL.

1—Who discovered the St. Lawrence river?
2—In Shakespeare's "Midsummer Night's Dream", who is the king of the fairies?
3—What Soviet leader is buried in Red Square, Moscow?
5—House of Lords (abbr.)
6—Object.
7—Whom did Stimson succeed as Governor-General of the Philippines?
9—Symbol for yttrium.
10—Hard knock.
11—What French novelist created the character of D'Artagnan?
13—Lick up.
15—Spikenard.
18—What Swedish chemist, inventor of dynamite, created a famous series of peace, literature, and science awards?
20—Who wrote the play "Dear Brutus"?
23—Handles.
25—Bodies of water.
28—Hebrew name for God.
30—Who is the goddess of the earth and mother of the Cyclops?
32—Who was the winged messenger of the Greek gods?
33—Scorch.
35—Prejudice.
37—Division of an act.
38—Easy gallops.
39—Exclamation.
41—What state (abbr.) is known as "Hawkeye"?
42—Man's name.
43—In what country did the Boxer Rebellion take place?
44—What Quaker founded one of the original 13 colonies?
46—What animal is the athletic symbol of Princeton?
48—What Portugese navigator discovered the Cape of Good Hope?
50—Statutory decree.
52—Incline the head.
54—Magpie.
57—Egyptian sun-god.
59—Note in scale.

Herewith is the solution to Saturday's puzzle.

MYRON T. HERRICK U. S. AMBASSADOR TO FRANCE IS DEAD

(Continued from Page 1)

to France and arrange to escort his father's body back to the United States for burial at eithtr Arlington or in Cleveland.

Believed on Road to Recovery

Throughout the past winter illness weakened Ambassador Herrick but it was believed he was well on the road to recovery. He spent a bad night Thursday and his daughter-in-law, his wife died in 1918, telephoned Friday morning for Dr. H. Rabeau. Yesterday Mrs. Herrick was informed his condition was critical and she called her husband in Cleveland over the telephone. An hour later she called him again to convey the message of his father's death.

In the course of a career which began as a peddler Myron Timothy Herrick was a lawyer, financier, governor of Ohio and ambassador. A republican, he was appointed ambassador to France in 1912, served until December, 1914, and was reappointed in 1921. William G. Sharp succeeded him in 1914.

Was Farm Salesman.

Myron T. Herrick, diplomat, statesman, lawyer, banker and manufacturer, began his career selling dinner bells, parlor organs and lightning rods to the farmers of Ohio From this humble start he rose, by virtue of his application and ability, to the position of financier, promoter of great railroad enterprises, governor of Ohio and ambassador.

A close personal friend of President McKinley, he was offered three cabinet positions by presidents of the United States and twice was appointed ambassador to France—first by President Taft in 1912 and again by President Harding in 1921. The title of colonel was given to him when he was appointed to the staff of McKinley when the latter was governor of Ohio.

Mr. Herrick attracted worldwide attention as American ambassador to France during the war by his refusal to leave Paris when the French government and the diplomatic corps fled to Bordeaux to escape the threatened German invasion of 1914. In addition to the intricate matters connected with his own office, he also assumed charge of the British, Japanese and Turkish embassies, and by his calmness and devotion to duty in the face of great danger, is credited with having done more than any other individual to prevent the outbreak of a disastrous panic in Paris.

Aided Stranded Americans

Another problem of immense proportions which confronted him during the early days of the war was the necessity of providing advice and financial aid for the thousands of American subjects stranded in France. Through the formation of an American committee, he not only assisted the needy American travelers but aided more than 4,000 English subjects to reach their homes. These services caused the French government to bestow upon him the Grand Cross of the Legion of Honor.

Another notable achievement of Mr. Herrick while in France was the American relief clearing house, which he organized after the tourist problem had been disposed of. This organization took full charge of the transportation and distribution of supplies from America, which were arriving in great quantities. The committee contnued throughout the war as one of the most important relief agencies in Europe.

Born in Huntington, Ohio, October 9, 1854, Mr. Herrick managed to attend school and earn a living at the same time. He entered Oberlin college and Ohio Wesleyan university, but did not complete the course. That he found knowledge outside of college text-books, however, is evidenced by the fact that among the honorary degrees bestowed upon him was that of doctor of lays conferred by Yale, Harvard, Columbia and Princeton.

Admitted to the bar in 1878, he had practiced law but a short time when he began his financial career by organizing a national bank in Cleveland. Later he became president of the Society for Savings in Cleveland, a director in the Erie railroad, the National Surety company, New York Insurance company, and numerous other financial institutions, as well as head of the American Bankers association.

Railroad Career

In his career as a railroad financier he was chairman of the board of directors of the Wheeling and Lake Erie railroad, a director of the Missouri Pacific, participated in the purchase of the Western Maryland railroad and assisted the Gould railroads to enter Pittsburgh.

Mr. Herrick was governor of Ohio from 1903 to 1905. He was one of the staunchest friends of President McKinley, came to his assistance when he met with financial reverses, and was also treasurer of the McKinley Memorial association. For a long time he was a member of the executive committee of the republican party.

On his return from Paris in 1914 an enthusiastic group of friends in Cleveland attempted to start a movement to nominate him for the presidency, but Mr. Harrick declined these honors, declaring that he would not capitalize whatever credit was due him for European service.

While in France Colonel Herrick made a study of agricultural finance and worked out with the French government a plan for the exchange between the two countries of information on farm finance. "We cannot hope for an increase in food production unless deserving farmers can get low rates and long periods on money," he declared.

Colonel Herrick married Carolyn M. Farmely, daughter of M. R Parmely of Dayton, Ohio, June 30 1880. Mrs. Harrick died in 1918 A son Parmely Webb Herrick, resides in Cleveland.

Looked the Part.

It was said of Ambassador Herrick that he looked the part. He had a tall figure, slightly stooped A voice of fine timbre, combined with an attractive geniality, increased the charm of his personality.

One of the most trying situations in his post-war diplomatic service was thed ifficult task of presenting the views of his government in negotiations on the Franco-American problem of war debts.

Another trying situation developed when he became the Paris host of Charles A. Lindbergh, when the "lone eagle" flew from New York to Paris, on the first non-stop air voyage between the two cities.

Herrick hailed Lindbergh as the "new ambassador of America." Where one ambassador went, the other went too. During "Lindbergh week" in Paris, the close cooperation of the pair of Americans did much to cement cordiality between the two countries.

The visit of the airman around the enthusiasm of the French people to a degree little short of hysteria but through all the excitement it was said Lindbergh always said the right thing at the right time. Herrick was given credit for a part in Lindbergh's steadfast refusal to permit himself to be stampeded.

The ambassador's post in Paris was not without its dangers. Herrick once was guarded by the police, following threats of death from anarchists, angered at imposition of death sentences on Sacco and Vanzetti by a Massachusetts court.

When past seventy Herrick continued to play golf, his game being good enough to win a championship cup in the Paris diplomatic tournament.

C. V. McCord of Frost was in Corsicana Monday.

J. H. Farmer of Dawson was a business visitor to Corsicana Monday morning.

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at

Lee Drug Company.

New Orleans Cotton Steady.

NEW ORLEANS, April 1.—(AP)—The cotton market opened barely steady, first trades showing no change to 5 points down. Liverpool remaining closed for the last of the Easter holidays, the market was without incentive.

Prices continued to ease off, probably due to lack of support. May sold off to 19.84, July 19.01 and October 19.80, or 16 to 17 points below the previous close.

Towards the end of the first hour the market showed a slight tendency to rally on a private estimate of an increase of only 2.1 percent in acreage, prices recovered a few points from the lows.

The rally was only short-lived, however, and prices immediately started downward under rather general selling induced by prospects for favorable weather in the belt and the weakness in stocks. May dropped 19.67, July 19.75 and October 19.68, or 20 to 22 points below the previous close.

Near noon a report that an early boll weevil statement would be issued by the government brought out enough demands to absorb offerings at the decline and rally prices a few points from the lows.

New York Cotton Steady.

NEW YORK, April 7.—(AP)—Cotton opened steady at unchanged prices to a decline of 6 points. Active months sold about 13 to 18 points net lower in early trading under local and Southern selling. There was considerable covering and prices steadied up 2 or 3 points from the lowest by the end of the first half hour.

July sold off to 20.04 and rallied to 20.07 trading was comparatively quiet.

Anec:fjfshrdi shrd cmfw cmfw cmfwyp

There was a little more trade buying and covering as prices worked off, but selling continued. The market worked down to 20.45 for May and 19.85 for October late in the forenoon, or 30 to 34 points up from the lowest on covering.

Livestock

Fort Worth Livestock.

FORT WORTH, April 1.—(AP)—HOGS: 2,500; 25 to 35c higher; top 11.25; good to choice 185-250 lbs 11.10 to 11.25; packing sows 8.75 to 9.50.

Grain and Provisions

CHICAGO, April 1.—(AP)—Wheat values underwent a decided setback early today, influenced by rain and snow in domestic wheat territory and also by stock market weakness.

Opening 1-2 to 7-8c lower, wheat afterwards showed a material further drop. Corn and oats were also easier, with corn starting unchanged to 1-4 off and later sagging all around. Provisions inclined upward.

Wheat closed nervous, 1 3-4 @ 1 7-8 to 2 1-8c net lower, corn 1 to 1 1-4c down, oats 1-4 to 1-2c off and provisions varying from 5c decline to a rise of 15c.

ACUTE DEPRESSION ON STOCK EXCHANGE FEATURE OF WEEK; CONFIDENCE IS PREDOMINANT

NEW YORK, March 29.—(AP)—Dunn's review today said:

No features of the commercial situation have compared in general interest with the striking financial movements of the present week. Early acute depression on the stock exchange, extending to markets for cotton and grains, reflected the increased credit tension, with the highest call loan rate in nearly a decade. The monetary position remains abnormal, but ranking support quickly relieved the speculative unsettlement, and only in isolated instances was special hesitation in trade observed. Confidence continues to be predominant sentiment in mercantile and industrial circles, being sustained by the favorable record of the quarterly period now ending, and added mementum to business progress is imparted by the stimulus of a new season. The large volume of the eastern turnover has given another proof of the high level of the public buying power, employment of labor is rising as outdoor work broadens, and important manufacturing lines disclose unusual activity. Even the recent exceptional average of steel output is being exceeded now, with many plants oprating at practical capacity, and the status of most of the principal metals is one of buoyancy. Not every branch of enterprise reveals the same measure of expansion in demand and improvement in prices, and some unsatisfactory phases exist, but the main trend is toward expansion.

Weekly bank clearings, $13,614,536,000, an increase of 25.2 per cent over a year ago.

EXTEMPORANEOUS SPEAKERS GIVEN IN DIFFERENT CLASSES

In the report of the winners in the extemporaneous speaking contest of the Navarro county University of Texas interscholastic league track, field and literary meet, carried in the Daily Sun March 25, the winners were grouped into the high school division and the rural schools. Instead of the above classifications, the two groups should have been Class A and B high schools. With the revised classification, the winners in this event are:

Class A Schools—1. Elise Miller, Corsicana; 2, Rebecca Williams, State Home; 3, Hortense Simms, Kerens.

Class B Schools—1, Inez Beene, Navarro; 2, Charles Kent, Powell.

REBEL VICTORY IS CLAIMED BY ESCOBAR AT ESCALON SUNDAY

(Continued from Page 1)

and several federal soldiers were killed or wounded.

The presidential palace was informed three rebel units totaling about 200 men, surrendered to the federals, among them one captain with 88 soldiers.

Major Roberto Fierro, noted federal flier who recently made a Central American good will tour, was forced to land within the rebel lines near Dolores, Chihuahua, because of motor trouble. He had to abandon his plane, but succeeded in reaching federal lines safely on foot.

Fighting Continues.

Juarez, Chihuahua, April 1.—(AP)—Further fighting between rebel and government forces in Southern Chihuahua was reported to revolutionary headquarters today. No details were given. Messages from Gen. Escobar, the rebel commander, to members of his staff here, were dispatched from Escalon, indicating the insurgent eader had advanced that far south.

JUAREZ, Chihuahua, Mexico, April 1.—(AP)—Aided by fifteen airplanes, Mexican rebels led by General Jose Gonzalo Escobar, today claimed to have won a victory in a ten-hour battle near Escalon Sunda yin which 400 federals were reported killed and 1,500 taken prisoner.

The rebels moved into the territory around Escalon Saturday night, it was reported at rebel headquarters here, and engaged the federal command about noon Sunday, fighting until nightfall. A rebel detachment was reported to be pursuing federal troops toward Torreon. General Escobar indicated in his report that he would remain in Escalon today but would start south tomorrow, on the heels of what he characterized as "demoralized government troops."

Among the federal officers reported killed in the encounter, described as "the initial battle of the campaign," was General Eulogio Ortiz.

Two surprises were accredited by the rebel commander, with having brought his troops victory. The rebel general said his march toward Escalon had not been expected. The second surprise came, he reported, when fifteen rebel planes appeared over the battle field in the midst of the fighting. Most of the planes were unsuitable to sunchronized machine guns and the pieces were fixed to the floor, pointing downward. As the ships flew over the battle front thoy were reported to have dropped scores of bombs on federal reinforcements attempting to come up from the rear.

Federals Evacuate Mesquite on Sunday

NOGALES, Ariz., April 1.—(AP)—Mexican rebel troops again are in possession of Mesquite, Sonora, Mexico, town on the border south of Sababe, Arizona. Last week it was taken, without firing a shot, by a small detachment of federals from Baja California. Yesterday the few soldiers holding the town evacuated as a company of 60 rebels approached.

Travelers from Southern Sonora reported 500 rebels who had been withdrawn from Sinaloa, were garrisoned at Santa Ana, 100 miles south of here. The action was taken to meet the threatening advance of federals en route to interior Conora from Baja California.

Others stated two American destroyers had anchored at Guaymas, Sonora, to protect American lives and property.

FLYERS SAFE.

LONDON, April 1.—(AP)—A Sydney dispatch to the Evening News says that Captain Charles Kingsford-Smith and his companions, who made a forced landing on the northwest coast of Australia while on a flight from Sydney to England, were reported safe today. Their machine was not damaged.

"Submarine" Coming To Palace

"Submarine," which is coming to the Palace Theatre on Wednesday, is a composite of the most thrilling incidents in all the great submarine disasters of the past. It graphically pictures the conditions under which the rescuers work, the steps being taken by the government to safe-guard the lives of the men in submarine service, the conditions of the sailors entombed in a wrecked underwater craft and the efforts to get oxygen down to the vessel.

The interior scenes were reconstructed from actual descriptions by survivors. They are tense, dramatic and pathetic. The captain trying to keep up the spirits of his men when he realizes that there is practically no hope of rescue; the efforts of Graves, as an officer to entertain the men with card tricks and by telling fortunes; the pathetic scene of a youth, who had visions of becoming an admiral writing a postscript on a card to his mother, "I guess I won't be an admiral now," are a few of the highlights in the production.

Every newspaper reader recalls the horror of submarine disasters, the interest with which the public read descriptions and breathlessness with which it awaited news of the rescue. "Submarine" gives the summary of each of these in a fast dramatic manner. It is real, convincing and illustrates just what occurs under water.

COURTHOUSE NEWS.

District Court.

The January term of court will be concluded Saturday night and the April term will begin Monday morning with the empanelling of a grand jury.

Isie Allen vs. E. C. Allen, divorce granted.

HUMBLE TO START TEST NEAR ROSEBUD AT AN EARLY DAY

Derrick has been built and machinery is being moved in for a test by the Humble Oil company near Rosebud, Falls county, Texas, according to information received Monday.

The well is located on the Thurmer survey and will be known as the Emma Pieper No. 1.

Completion of the Annie Pervey test in the East Texas area is expected within a few days, according to Humble officials. The test drilled in the Neches river bed tested salt water recently.

L. B. Milam of Drane was here Monday on business.

Jesse Bragg of Roane was in the city Monday.

Farmers Want Column

Rates—One cent a word for each insertion. Count your words, send ad to this office, giving number of times you want it to run, together with check or money order to cover cost. No ad taken for less than 25 cents. Cash much accompany each ad.

WE SELL 'EM CHEAP.

Because—
First, we get them for cash at low prices.

Second, we do not have to add selling commission to selling prices. (We have no salesmen to pay.)

Third, we have no excessive "overhead" to add to our selling prices.

Your dollar does its duty here.

FARM BILL BEGINS TAKE FORM WHILE HEARINGS PROCEED

FARM BOARD, STABILIZING AGENCIES, REVOLVING FUND ARE MAIN POINTS

WASHINGTON, Mar. 29. (AP)—A pessimistic note was injected into the farm relief hearings of the senate agriculture commtitee today by C. C. Clemens Horst, of San Francisco, who expressdoubt that any general farm relief law would be enacted during the coming special session of congress. The committee members, however, made it clear that they did not share this view.

The house agriculture committee heard John Vesecky, of the Kansas Wheat Marketing Co-Operative Association, urge legislation which would make it of advantage to farmers to organize.

Horst told the senate committee it was difficult for any witness to talk before the committee because neither the president nor congress seemed to know just what relief plan was wanted. Too many plans are being advocated, Horst said, and most of them "are no good."

"I am not at all hopeful we are going to get anything," he declared.

"You are alone in that view," replied Senator Norbeck, of North Dakota.

Horst said all the farm relief that was needed was a tariff high enough to shut out one half of the amount of farm products now imported.

Vesecky told the house committee that he favored creation of a federal farm board. If stabilization corporations were formed, he said, they should be controlled by the corporation groups.

COURT HOUSE HAPPENINGS

District Court.

The January term grand jury was finally discharged Thursday afternoon and returned ten indictments to bring the total of the term to 121.

The indictments were, forgery 7, violation of the prohibition laws 2, assault with intent to murder 1.

The April term of court will be formally opened Monday morning with the selection of a grand jury. The January term of court ends Saturday night.

District Clerk's Office.

The following cases were filed:

Lydia Robertson vs. Will Robertson, divorce.

O. B. Hale vs. Audrey Hale, divorce.

County Court.

Rufus Jackson, negro, entered a plea of guilty in the county court Thursday for the alleged theft of a pistol and was fined $25.

Sheriff's Office.

Sheriff Rufus Pevehouse returned from Sweetwater Thursday night with J. C. Grayson and Emmett Wheeler, wanted here in connection with the alleged entering of the storeroom at the State Orphans' Home recently. They are charged with burglary and theft. Several suits of clothes and other wearing apparel were missing.

Deputy Sheriff V. McMurray went to Fort Worth Friday morning to return W. J. Kelly and Mrs. Wilson, arrested there Thursday night in connection with the finding of about 40 chickens, and were reported to have made a statement to Fort Worth officers that they had stolen the chickens near Corsicana. There were seven chickens taken from Mr. Mimms and 33 from Albert Young. Mr. Young had not missed his chickens until queried by Deputy Sheriff Walter Hayes after Fort Worth authorities had telephoned here. Complaints for burglary and theft were filed in Judge Sam B. Jordan's court against the couple.

En route from Fort Worth, Deputy Sheriff McMurray will stop in Dallas to bring Jakie Jones back to Corsicana. He is one of the prisoners who escaped from the Navarro county jail April 16, 1928, when a number of prisoners overpowered E. W. Warnell, deputy sheriff, and escaped.

Warranty Deeds.

CATHOLIC PRIEST IS SHOT DOWN BY CHICAGO PARENT

CHICAGO, March 29.—(AP)—A Catholic priest was shot three times and probably fatally wounded today by the father of two boys whom the priest had had arrested for burglarizing his church.

The priest, Father C. A. Arkenswick, pastor of the Church of the Holy Ghost, on the West Side, was accosted in the church yard, as he talked to several men, by the boys' father, Gadtano Menna, who asked for the head priest, and when the minister replied he was in charge of the church, handed him a letter.

As Father Arkenswick started to read it, Menna whipped out a pistol, shot the clergyman in the head, and then fired two shots into his back as he fell. Menna fled to his home near the church where police squads armed with tear bombs and riot guns, arrested him.

Menna's two sons, John and Paul, were arraigned in the boys' court today on charges of having stolen from the church.

Sister of Corsicana Woman Dies in Dallas

Mrs. Ben Young was called to Dallas Monday morning on account of the death of her sister, Mrs. J. P. Redd, who passed away Sunday night. Funeral services will be held sometime Tuesday, complete arrangements have not been made.

BELIEVED MYSTERY DISAPPEARANCE OF GIRL IS NOW SOLVED

SPRINGFIELD, Mass., March 30.—(AP)—Efforts were made today to determine through dentistry whether a body found in the Connecticut river at Long Meadow was that of Miss Frances St. John Smith, missing Smith College student.

Dr. W. J. Woods of Pelham, N. Y., told Dr. Carlton W. Pooler of this city, acting in behalf of the police, that a description of the dental work on the body corresponded with some he had done for Miss Smith. Dr. Woods agreed to come here to view the body.

Authorities felt more certain than ever the body was that of Miss Smith, daughter of a wealthy retired New York broker. She disappeared from Smith College at Northampton, Mass., on January 13, 1928.

BUILDERS ON STRIKE.

SHREVEPORT, La., April 1.—(AP)—Shreveport carpenters and painters with a few exceptions, were on a walk-out today in protest against refusal of employers to grant a five-day week and $1 a day increase in wages.

Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borozone, to kill the germs, and then dust it with Borozone

OKLAHOMA SENATOR DISCIPLINED; WILL NOT BE EXPELLED

OKLAHOMA CITY, March 27.—(AP)—The Oklahoma senate today voted to withdraw the name of Senator John L. Rice of El Reno from all committee appointments and to reprimand him publicly as punishment for reflecting upon the integrity of senators with a published letter alleging attempted bribery of senators in connection with their votes in the impeachment trial of Henry S. Johnston.

WHIPPET---THE BEST AUTOMOBILE FOR THE HOME OWNER

WHIPPET-KNIGHT CO.
Clatyon Brown

The greatest reception ever accorded a Willys-Overland exhibit". This was the opinion of company officials and competitive line representatives during and following the New York automobile show which ended January 12 after having been in session in Grand Central Palace from January 5th.

That the interest was not confined to those who attend the show out of mere curiosity is amply attested by the fact that more cars were sold from the floor and more deposits made than ever were recorded by Willys-Overland during a New York show.

Visitors to the New York show come from all parts of the nation and from foreign countries, as the motoring public fully realizes that here it will see for the first time each year the finest product and the latest achievements of the automotive industry.

The New Whippet is now not only a greater car in the points of durability, but also a greater car and more pleasing to the eye.

We are prepared to give you instant service on the New Whippet ,and will gladly demonstrate to you all the new features of this wonderful car.

HOOVER DIFFERS WITH LEADERS ON FARM LEGISLATION

BY JAMES L. WEST.
Associated Press Staff Writer.

WASHINGTON, March 27.—(AP)—A rift appears to be developing between President Hoover and some of the congressional leaders charged with drafting farm relief legislation.

The surface reason is the determination of the chief executive to refrain from writing an agricultural measure and imposing it upon congress, but behind that is a sharp divergence of views as to the principle of the bill.

Some of the farm leaders in congress take the position that since Mr. Hoover led the fight before the country for a relief measure omitting the equalization fee principle and interpreted the party platform as to a specific program, he should play the principal part in framing the legislation.

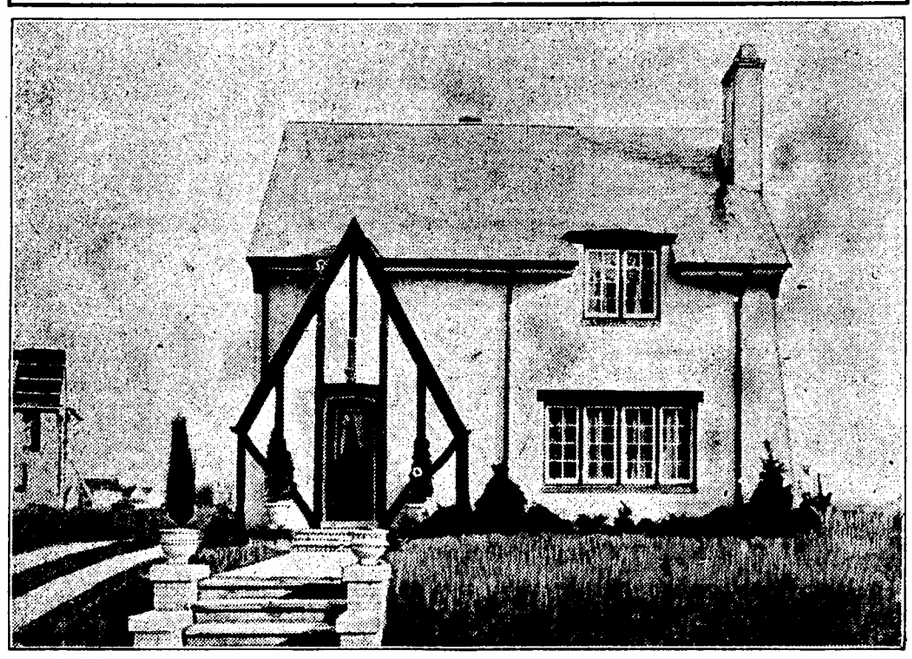

The president's view is that the Kansas City platform provided a plan; that this plan was presented to the country time and again and the principles are well known alike to congress and the country.

The disagreement on the fundamental principles of the bill revolves around powers to be given the proposed farm board. Mr. Hoover's idea is for a grant of power which would enable the board to deal with not only the present problem in the agricultural industry, but also those that may arise in the future.

This is resisted in some congressional quarters on several grounds. One is that the board given such power might encroach upon the functions of other agencies of the government, such as the interstate commerce commission and the farm loan board.

"Home Sweet Home" Model House

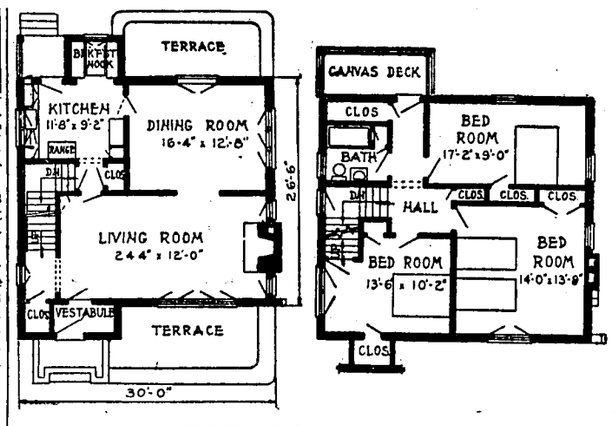

HALF-TIMBERED ENGLISH STYLE

This attractive house is the result of the Cleveland Federation of Women's Clubs' effort to construct a model home to encourage homemaking and home-building.

How well they succeeded is easily seen in the excellent layout of the rooms and the sturdy construction of the house itself.

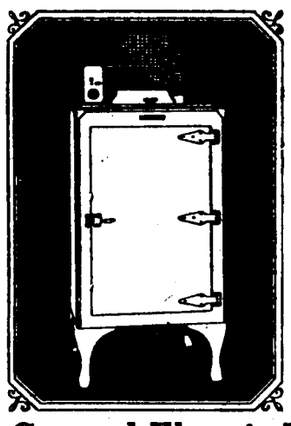

In choosing construction materials that they believed were basically good, the club members selected concrete masonry walls with an exterior covering of portland cement stucco. This construction assures the owner a fire-safe home and one that will not deteriorate with the passing of years. Maintenance, also, is at a minimum; an occasional painting of exterior woodwork is all the attention required to keep the house in perfect condition.

The interior arrangement, with the large living room, dining room adjoining the well-appointed kitchen and breakfast nook is all that can be asked. The three extra large bedrooms on the second floor have five spacious closets distributed at convenient locations and the bath, situated at the head of the stairs, is convenient to all.

J. H. G. Steffens, Architect, Detroit, Michigan

Another feature of this model home is that it can be built on almost any city lot. A width of forty feet in almost any direction will accommodate the plan.

House Committee to Limit Farm Hearings

WASHINGTON, March 27.—(AP)—The house agriculture committee opened farm relief hearings today and decided to limit the testimony during its hearings to suggestions for aiding the farmer.

Chester A. Gray, legislative representative of the American Farm Bureau federation, appearing as the first witness before the committee, said his group, while not relinquishing its position in favor of the equalization fee, was willing to accept any mode of relief which would follow the lines it had advocated in the past.

He said the federation desired that the relief extended be effective, that surplus control be provided, and that agriculture be not subsidized.

Gray said that while farm organizations were interested in various legislative proposals such as Muscle Shoals development and an extension of farm credits, they did not consider that these separate proposals would afford farm relief.

George Shipley, of Washington, who described himself as a philanalthrophist, and able to present views of President Hoover, said the president favored a federal farm board to provide self regulation for the farmers. He read at length from campaign speeches of the president.

The farm board idea was advanced also at the senate agriculture committee hearings by several witnesses who said the board woul have broad powers along production and marketing lines.

M. P. Hill of Indiana, president of the Farmers National Grain Dealers association, said the laws relating to rural credit should be strengthened and expanded so the farmer could more easily obtain loans.

Joe Hagle of Dawson was in Corsicana, Monday.
